Divine Word Missionaries
Dedicated to helping the poor and the needy around the world.

History of the Society of the Divine Word

SVD stands for "Societas Verbi Divini" (Latin) which means the Society of the Divine Word, a religious missionary congregation founded in 1875, in Steyl Holland, by the Rev. Arnold Janssen. Its motherhouse now is in Rome. Members of this congregation are known as the "Divine Word Missionaries". There are more than 6,000 members (priests and brothers), coming from and working in more than 60 countries throughout the world, doing missionary work mainly among non-Christian people and helping local churches by being involved in different kinds of apostolate such as education, communication, justice and peace, missiology and dialogue. Nowadays, the Society of the Divine Word is the largest international missionary congregation in the Catholic Church.

Fr. Arnold had a keen interest in prayer, the printed word and the missions. These things combined to promote interest in and the establishment of a German mission-sending society - one that would prepare young men to serve the Church globally in areas where the Gospel had yet to be preached.

From a humble beginning on September 8, 1875, in Steyl, Holland, our Society of the Divine Word grew quickly. In less than four years, Fr. Arnold sent the first two SVD missionaries to China: Fr. Joseph Freinademetz (now St. Joseph Freinademetz) and Fr. John Baptist Anzer, who later became a bishop in China. Our society accepted its first Brother candidates in 1877 and within six years, they also went to China as missionaries.

On October 5, 2003, Fr. Arnold Janssen, SVD (the founder) and Fr. Joseph Freinademetz, SVD (the first missionary sent to China) were canonized by Pope John Paul II.

Today, the Society of the Divine Word is composed of more than 6,000 men who serve in more than 70 countries around the world where the Gospel has not been preached at all or where a local church is not yet viable. The mission of the Society of the Divine Word is to carry out Christ's command to preach the Gospel to all nations through pastoral and sacramental ministry, teaching and working among those in need.

SVD started its mission in Hong Kong in 1879 when the first missionary to China, Fr. Joseph Freinademetz was stationed in Yim Tin Tsai Island, Sai Kung, New Territories, for two years before entering Mainland China where he later started his China mission in Shan Tung. During his stay on Yim Tin Tsai Island, Fr. Freinademetz also visited some fishing villages on Lantau Island. In 1948, SVD established a procure house in Kowloon, accommodating many missionaries from China who were expelled during the China Revolution. Since 1965, SVD has been involved in the life of the Catholic Diocese of Hong Kong. At present, there are 26 SVD priests in Hong Kong (20 priests and 6 brothers) coming from 19 different nations.

In September 2006, four SVD missionaries were sent to Lantau Island, administering the Epiphany Parish. They were Fr. Osvaldo G. Metz (Parish Priest), Fr. Jay Francis Flandez, Fr. Henry Cabral and Fr. Herman Ramli Tabut.

Missionary work of the Society of the Divine Word

Sister Servants of the Holy Spirit (SSpS)

A brief outline of St. Arnold Janssen's life

- November 5, 1837 - Born in Goch, Germany
- 1849 to 1861 - Studied at the minor seminary at Gaesdonck, studied mathematics and natural sciences at Bonn University and theological studies at Munster
- August 15, 1861 - Ordained as a priest for the Munster Diocese
- 1861 to 1873 - High school teacher of Mathematics and Natural Sciences (Bocholt)
- 1873 to 1875 - Chaplain for the Ursulin sisters in Kempen
- January 1874 - Began publishing the magazine, Little Messenger of the Sacred Heart
- March 2, 1879 - Sent the first two SVD missionaries, Fr. John B. Anzer, SVD, and Fr. Joseph Freinademetz, SVD, to China
- December 8, 1889 - Co-founded the Missionary Sisters of the Holy Spirit
- January 15, 1909 - Died in Steyl, Netherlands
- October 19, 1975 - Beatification of Arnold Janssen by Pope Paul VI
- October 5, 2003 - Canonization of Arnold Janssen by Pope John Paul II

A brief outline of St. Joseph's life

- April 4, 1852 - Joseph Freinademetz was born.
- 1858 to 1862 - Attended German public school and studied Philosophy/Theology at Brixen
- July 25, 1875 - Ordained as a priest
- 1876 to 1878 - Curate and teacher in the Gader Valley
- 1878 - Joined the SVD at Steyl, Holland
- March 2, 1879 - Left for China
- 1879 to 1881 - Missionary in Sai Kung, Hong Kong
- 1882 - Arrived Puoli, South Sandong
- 1890 to 1891 - Mission Administrator
- 1895 to 1897 - Director of the Major Seminary
- 1900 - Appointed as Provincial Superior of the Society of the Divine Word
- January 28, 1908 - Died in Taikia, South Shandong
- October 19, 1975 - Beatification of Joseph Freinademetz by Pope Paul VI
- October 5, 2003 - Canonization of Joseph Freinademetz by Pope John Paul II

School Mission and Vision

"I have come so that they may have life and have it to the full."

John 10:10

Sing Yin Secondary School, which has its origin in the mission of the Church,
has as its fundamental goal the complete and integral human development of each student:
mind and spirit, body and emotion
(as understood in the light of John 10:10).

Sing Yin is committed to helping students to live a "full life" by:

promoting the spiritual and moral, intellectual and emotional, cultural, social and
physical development of the students;

preparing our students for the challenges and
responsibilities of adult life;

guiding our students, in the spirit of our school motto "克明峻德",
to discover Christian values and beliefs, and the meaning of life.

Guided by the mission and goals, it is hoped that through the direction of the School Management Committee, the effort of the teachers and other staff members, the support of the parents, alumni and the community, Sing Yin will be able to provide one of the best educations in the world with a global perspective for boys in the local community.

School Song

Verses by Rev. H.P. Canavan

Sing a song of Sing Yin Sing our old school song

9
17 Sing it all to - ge- ther Sing it loud and strong

Sing of our dear Sing Yin to it our hearts be - long

25
Sing of our dear Sing Yin to it our hearts be - long

33
Bless all of us in Sing Yin Bless all of us dear Lord

41
Bless all of us in Sing Yin May we live in sweet ac - cord

49
Pre- par- ing for life's long jour- ney Learn- ing what's good and true

57
Bless all of us in Sing Yin Bless us in all we do

65
Sing a song of Sing Yin Sing our old school song

73
Sing it all to - ge- ther Sing it loud and strong

81
Sing of our dear Sing Yin to it our hearts be - long

89
Sing of our dear Sing Yin to it our hearts be - long

Rev. Sr. Cecilia Wong, FDCC

Teachers change the world

'A teacher affects eternity; he can never tell where his influence stops.' (Henry Brooks Adams)

Education is not only preparation for life. It is life itself and it requires much effort. We teachers, believe that we have a gift to give – to implant in our students an upright conscience, personal integrity, a sense of responsibility, readiness to care & share, etc. In all, the formation of the heart enables them to face the ever changing society.

My heartfelt gratitude to all the staff of Sing Yin Secondary School for providing quality education to our students over the last 40 years.

In communion with Mary, Mother and Teacher of Education, let us entrust our mission of education for the service of young people in Hong Kong and above all for His Glory.

Congratulations.

Sr. Cecilia Wong, FDCC
Episcopal Delegate for Education

Rev. Fr. Frank Budenholzer, SVD

On behalf of the brothers and priests of the Society of the Divine Word, China Province, I wish to extend my congratulations to all of you on the 40th anniversary of the foundation of the school, Father Patrick Canavan, his successor Fr. Brain Lawless and the teachers and administrators who built up the school.

Sing Yin Secondary School, Divine Word Secondary School in English, has a special relationship to the Society of the Divine Word (SVD) beginning, of course, with the name of the institution. Sing Yin Secondary School has continued to expand in education, pastoral ministry and social work. The mission of the school, to provide a first rate education to those who often have only limited means, is close to the heart of the SVD. The excellence of the school in Mathematics and Science fits well with its SVD heritage. The founder of the Society of the Divine Word, Father Arnold Janssen, was himself a secondary school Mathematics teacher and the early SVD constitutions list the study of Natural Science as one of the special characteristics of the SVD.

So once again let me offer congratulations and God's blessings to all, as Sing Yin Secondary School continues to serve the people of Hong Kong, providing leaders for our globalized society.

Frank Budenholzer, SVD

Fr. Frank Budenholzer, SVD
Provincial, China Province

Rev. Fr. Patrick Canavan, SVD

Congratulations on reaching the 40th anniversary of the first opening of Sing Yin!

When the School opened on the 1st September, 1970 it was the fulfillment of the goal of the, then, Divine Word Superior General, Fr. John Schutte, who had spent most of his missionary life in China and who loved China and the Chinese people. It was he who decided that there would be a Divine Word Secondary School in Hong Kong which would serve the educational needs of poor families.

Fr. Schutte was very pleased with the location of the school site when he visited Lam Tin (then known as Ham Tin) in 1967. Less than a third of the Estate had been constructed at that time and there were several thousand people living in shacks on the hillside, which existed, then, behind the school site. It was clear that the school project was in accord with the Divine Word Missionaries' option for the poor.

The objective of the Divine Word Missionaries was to serve the poor families in the area by providing their sons with the opportunity for a good academic education. All students would be taught basic moral values and encouraged to reflect on the meaning and purpose of life. There would be no coercion of any kind upon non-Catholics to attend Catholic services or Catholic lessons. However, children of Catholic parents would be required, with their parents' consent, to attend Catechetical lessons. It was intended that a happy family atmosphere would be developed in the school and that the School Authority would actively promote the welfare of the Students and Staff, but neither one at the expense of the other.

Fr. Schutte never saw the completed school building. He died in a car accident in 1971. Had he lived, I am sure that he would have been very pleased with the achievements of Sing Yin staff and students.

We must not forget Fr. Schutte S.V.D. because without him, Sing Yin would never have existed.

Even from its earliest days, Sing Yin was blessed with a Staff who, with very few exceptions, were fully committed to the welfare of the Students and the School.

I am very grateful to all the Staff who showed such loyalty and support during my 23 years as Supervisor and Principal. It has been a privilege to have them as my colleagues and an even greater privilege to have so many of them as my friends.

I am also especially grateful and indebted to those colleagues who served, during my time, as Assistant Principals. They are Mr. Hui Chun-nam and Miss Wong Wai-yein. Mr. Chu Man-chor and Mr. Lam Chung-fong have already gone to their heavenly reward. I benefited immensely from the ever loyal support and wise guidance of all the Assistant Principals.

After my retirement, my successor as Principal, Miss Wong Wai-yein, ensured that Sing Yin would continue to flourish. Her self-sacrificing service to the students and students knew no limits.

It was no surprise for me to learn that academic standards continued to improve under the current Principal, Mr. Kwok-but. In my time, Mr. Kwok was a model of boundless restructuring of the Secondary Schools' Curriculum. No more suitable person could be found for the great challenge of relocating Sing Yin to a new school building.

It is my hope and prayer that God who has poured out His blessings in so many ways, over the past 40 years, may continue to bless the new Sing Yin and all its Staff and Students, when it becomes operative.

Meanwhile, may God bless and protect all in Sing Yin, as well as all former Staff and Students, and guide all towards the true happiness which results from finding meaning and purpose in life.

H. P. Canavan

Fr. Patrick Canavan
Former Principal

Rev. Fr. Brian Lawless, SVD

It is a joy and pleasure for me to offer congratulations to Sing Yin Secondary School on the occasion of its 40th Anniversary. At the same time, I feel a tinge of sadness knowing that this will be the last celebration on the old campus. When I arrived in Hong Kong in 1983, the Sing Yin fathers' quarters was my first home. In all, I lived in Sing Yin for 12 years and experienced it from different perspectives. In the beginning, I was a student, learning Cantonese. Then I was a teacher, teaching Moral Education, Mathematics and English. Finally, as supervisor, I was once again a student, learning the "nuts and bolts" of Sing Yin and making some difficult decisions along the way, such as choosing the paint colour for the school building: Not so difficult really - blue is the colour of the Dublin football team, my home county in Ireland.

What can I say of a 40th anniversary? I look to Confucius for assistance. He summarized the stages in his life as follows: At 15 I set my heart on learning; at 30 I firmly took my stand; at 40 I had no delusions; at 50 I knew the Mandate of Heaven; at 60 my ear was attuned; at 70 I followed my heart's desire without overstepping the boundaries of right.

At the age of 40, Sing Yin should now be rid of all delusions. A new decade is beginning - that of coming to know the Mandate of Heaven. Heaven has mandated that Sing Yin face this coming decade on a new school campus. Moving somewhere new brings an air of excitement and expectation. It is also an opportunity to tidy up a bit, to get rid of the accumulated detritus of years gone by. One of the delusions that we all suffer from is that something might be useful some time in the future. Over the years, the pile of "possibly useful" things grows bigger and bigger. The recycling bins in old Sing Yin should be well used during the move.

It would also be a delusion to think that moving to a new campus is going to automatically bring with it a bright future, free of problems, worries and difficulties. In reality, moving to a new location and a new environment just means exchanging an old and familiar set of challenges for a new and unknown set.

There is one component to the moving equation that I sincerely hope will not be lost, deleted or recycled: the Spirit of Sing Yin. For when all is said and done, a building is just a compilation of bricks and mortar. It is the Spirit of Sing Yin that makes Sing Yin what it is. This Spirit is embodied in the students and the staff of Sing Yin, past and present. It is a Spirit dedicated to learning; taking a moral stand; free of delusions; guided by the Divine Word; attuned to the needs of others; never overstepping the boundaries of what is right and good and true.

So, on the occasion of the 40th anniversary, my wish for the Sing Yin family is that your hearts be filled with joy, that the Spirit of Sing Yin may grow in strength day by day, and that our Heavenly Father will bless each and every one of you.

Brian Lawless

Fr. Brian Lawless, SVD
Former Supervisor

SYS 40th Anniversary

It is with great pleasure that I extend my congratulations to the supervisor, principal, staff and students of Sing Yin Secondary School on its 40th Anniversary.

Each anniversary is the time to reflect on the past and look forward to the future. This anniversary is of particular significance as in 2011, Sing Yin will have to say goodbye to Lam Tin and be relocated to a new campus in Jordan Valley, Kwun Tong. I am grateful to the principal Mr. Kwok But to have the opportunity to share my thoughts on this happy occasion. For those of us who have a long association with Sing Yin since its early days, the anniversary brings back fond memories of the good old days. Even though I have left the school for nearly ten years, I can still recall vividly the sights and sounds of the various school events: the cheers and applause on the prize giving days and graduation ceremonies, the sound of drums and cheering at the swimming galas and sports days, the excitement and laughter during the singing contests and Christmas variety shows. Then there were the more solemn daily routines: the attention and hard work in the classrooms, the earnest and serious discussion between teachers and students, the long hours of private study in the study rooms, and the tension and concentration during tests and examinations.

Sing Yin has come a long way since its inception forty years ago. It has grown from a modest beginning to one of the best schools in Hong Kong. The essence of Sing Yin lies in its people — the staff, the students and their parents. There is a common thread which unites them, a sense of purpose and commitment. It is this shared vision that enables the students to develop to their full potential, both in the academic field and in moral formation.

The ongoing development of Sing Yin is somewhat restricted by the space and facilities of the old school building. The prospect of having a state-of-the-art and environmentally friendly campus will no doubt overcome these limitations. I look forward with joyful anticipation to further advancement as Sing Yin enters a new phase in its history. May God continue to bestow blessings on Sing Yin, to guide it along its way. I sincerely wish Sing Yin to “Keep running steadily in the race we have started. Let us not lose sight of Jesus, who leads us in faith and brings it to perfection.” (Heb 12:1-2)

Wong Wai Yein

Ms Wong Wai Yein
Former Principal

*Message from the Supervisor***Thankful of the past, Trustful of the Future**

When Saint Arnold Janssen founded the Divine Word Missionaries 135 years ago in 1875, the only thing he had abundance of was his TRUST IN GOD. Faced with an almost impossible situation because of the political climate in Germany that was opposed to the Catholic Church, an almost non-existent financial resource that, as he said, was still in the pocket of his benefactors, and in spite of the uncharitable criticisms and severe oppositions even from friends, Father Arnold, went ahead to establish the first mission house in Steyl Holland - the very first SVD house. After 135 years, with almost 7000 SVD missionaries working in 67 countries around the world, we now in the year 2010 are Fr. Arnold's future then, and when we look at what has become of his simple and humble foundation in 1875, we realize that he had been right all along - especially about his trust and faith in God's will. Let the story of St. Arnold Janssen be an inspiration as we celebrate our school's foundation anniversary at the crossroads of our past and our future.

Celebrating the 40th year anniversary of the establishment of Sing Yin Secondary school, we have one eye looking back at the past with a thankful heart, and the other eye looking forward to our future as it literally rises from the ground with the on-going building of Sing Yin's new campus in Jordan Valley, Kowloon. If not for the daring vision and determined sacrifice of a Divine Word missionary priest, Fr. Patrick Canavan, and his collaborators of dedicated teachers, this school in a piece of land in Lam Tin would not have produced a proud and strong band of Sing Yin's alumni in only forty years.

More than age or history, we really are celebrating 40 years of mission. We would like to continue with the tradition that has defined Sing Yin Secondary School - the academic excellence, strong discipline, and moral formation. We carry along with the ethos that our founders started here, and we extend their dreams with new possibilities. While our school evolves and grows through time, the essence of what Sing Yin is all about - its mission will not change. This is what we will carry into the future and plant it once again in our new home when it is completed next year.

Hence, we salute our founders and the succeeding generations of teachers, staff, and students, throughout the forty year history of Sing Yin Secondary School. To all our partners, the SVD fathers that worked here, to our collaborators among the parents and alumni, we say our heartfelt thanks. It is my deepest hope that you would continue to accompany Sing Yin Secondary School to the next generation and beyond. Please continue to support Sing Yin Secondary School with your prayers, generous resources, and untiring sacrifice.

FR. EMILIO D. LIM, SVD

Message from the Principal

With God's blessing, we have enjoyed another 5 years of exceptional accomplishments. When I wrote that we reached a new plateau in the 35th Anniversary Magazine, I dared not dream we could have further breakthroughs. Yet we did.

In terms of overall credit percentage, our HKCEE results for the 2010 school year were among the best ever. As 2010 was the last year in which the HKCEE would be held, this record brought much pleasant surprise to us.

In International or Regional Competitions, our performance has been spectacular. Since Hong Kong joined the International Physics Olympiad seven years ago, our students have won two gold, three silver and two bronze awards in the contest. It was an amazing and unsurpassed accomplishment. In the LCCI examinations, two students were awarded first prize in the world and two were awarded second in the world prizes. Two other students also won the world champions in painting contests.

For sports competitions, our Basketball, Badminton, Swimming and Table Tennis Teams have all competed in Division One, the division of the highest standard. As the Football Team won the Overall Championship this year, it will also compete in Division One in the next school year. Taking into account our policy and limited resources, this was perhaps the best result we could hope for.

Achievements aside, another notable event in the past five years was our successful application for a new school campus. After forty years of expansion and wear and tear, the present campus is too small and worn away. So eight years ago, we began to explore whether we could relocate. Our first few attempts failed. Finally when the Choi Wan site was available in 2006, we applied for it and succeeded. It is just the right campus for us, as it is the first school to demonstrate what an environmentally friendly school should be like, and we have been implementing environmental measures for many years. The new campus will be ready in one year and we are all looking forward to it.

All these accomplishments and relocation to the new campus would not be possible without the support and dedication of the Divine Word Missionaries, our teachers, students, parents, alumni and donors. I wish to thank them all. In particular I would like to thank the teachers who have retired. Many of them have spent their entire careers in Sing Yin, a rarity in other professions or even in other schools. They certainly deserve our heartfelt gratitude.

Finally let us all pray for better years ahead. May God bless us all.

Message from the Assistant Principal

The year 2010 marks the 40th Anniversary of Sing Yin, a place where I have worked for 32 years. Let me first congratulate Sing Yin on its success in nurturing school kids, turning them into fine young gentlemen who find their identity, develop their personality and acquire the necessary knowledge and skills to further their path in their life.

Sing Yin is a name towards which I have a strong feeling and dedication. These 32 years witness many changes in me as well as in the school. 32 years ago, I was still very young, newly graduated. I have gained about 50 pounds now and my hair is nearly all white (so I need to dye my hair). My looks have changed a lot. These 32 years also confirm my fondness and sincerity for teaching.

In September 2011, Sing Yin will move to a new campus, with a larger space and more facilities. While we are happy that students can learn in a better environment, we are sorry the day will come soon when we have to say goodbye to the old campus. The old campus gives us a lot of happy memories and many treasureable moments. I hope we can enjoy every minute while we are still learning in the old campus.

While Sing Yin will have a new face, I am sure there are still many things that remain unchanged. Our Sing Yin boys will always be so well-mannered, diligent and motivated. Equally remarkable is the alumni's sense of belonging and bond to Sing Yin. This year, there were several occasions when alumni reunited, the Reunion Dinner and the fund-raising Performance Night. Some graduated long before I worked here and some even flew back from abroad to join. It was just like coming home.

Besides, during the BBQs on the Sing Yin basketball courts, different classes of alumni came back, to chat leisurely with classmates and teachers, and to refresh their memories of the school. Many came back with their family, to let their children grasp glimpses of their father's childhood days. Though the alumni may have taken different roads in their life, they have one thing in common: Sing Yin is still a warm and familiar place.

As I am in charge of raising funds for the new school campus, I am very much impressed that many alumni donate generously to the school foundation fund. Whatever the amount, we are thankful because we know that our alumni have a heart for Sing Yin. It is this heart and support that drive us to work harder to make Sing Yin a better place for our boys.

Last but not least, I would like to congratulate Sing Yin once again on its 40th Anniversary. I would like also to express my heartfelt gratitude to the alumni, teachers, parents and students. Your support is crucial in making Sing Yin a special place for all of us.

MR TSUI PEE TAK

Message from the Assistant Principal

The moment has come for me to retire from this school which I love and have served for thirty-six years.

I will never forget the happy years I have spent with my colleagues - their devotion, enthusiasm and co-operation; nor will I forget the students - their loyalty, perseverance and conscientiousness; who, throughout the years, have worked hard to make the school respected and appreciated.

The year 2009-2010 was a very special year for all of us — students, alumni, parents and staff — it not only marked the memorable occasion of the 40th Anniversary but was also the year when a record number of alumni participated in various celebrations — the Homecoming Events from October to February, the Reunion Dinner in March, the Performance Night in May and the Open Day Exhibitions & Funfair in June and July. I was impressed by the commitment of the boys to the school as well as their generosity in contributing to the Sing Yin Education Fund. It was also a great delight to hear the colourful anecdotes of their school-life and to observe the common attributes that link them. Whether they graduated in the 1970s or 2000s, the boys have been confident, considerate and broad-thinking, with talents and energies that they dedicate to an infinitely diverse range of interests and professions. It is they who have made Sing Yin the pleasurable and vibrant place that it is.

Next summer, the school will venture forth to the new campus in Jordan Valley. I trust that it will continue to cultivate values that it has cherished in the past. With new facilities and better resources, with the support of the parents and alumni, and with the expertise of the management and staff, Sing Yin will surely reach new heights in the academic, physical, aesthetic, moral and spiritual education it provides.

I am grateful for the privilege of being a teacher and an Assistant Principal of Sing Yin over the last four decades. Should there be any opportunity or need, I would not hesitate to contribute towards the school.

MRS MA CHAN CHUI KIN

Message from the Assistant Principal

Time flies. 2010 marks our school's 40th Anniversary. Twenty-three years have elapsed stealthily since I first arrived in Sing Yin. During these years, I have grown with the school and the students. Sing Yin has changed a lot over the years. Now, it has better facilities, more teachers, a higher academic performance and more extra-curricular activities. In the past, Sing Yin was well known for its excellent performance in quiz competitions. However, it is now praised for the students' good conduct, extraordinary academic results and hundreds of awards in different aspects.

The APASO survey, which shows an indication of the students' affective and social values, revealed that our students possessed good and positive personal values and attitudes.

The academic year of 2009-2010 marked the continuous success of Sing Yin, not only because of the vast number of awards our students won in different regional, national and international competitions, but also the good academic performance that our F.7 and F.5 students achieved in both the AL and HKCE examinations.

Sing Yin Secondary School pays close attention to the development of students in all aspects including moral, intellectual and physical areas. For instance, prominent students are encouraged to join the Hong Kong Physics Olympiad. Sing Yin students have made remarkable achievements. In the International Physics Olympiad, we have won a total of 2 gold, 3 silver and 2 bronze medals since 2004.

Our students are actively involved in community service through participation in the School Scouts, the Community Service Group, the CYC Club, Sing Yin Pioneers and so on.

The success of Sing Yin would not have been possible without the great support from the School Managers, the Supervisor, the Principal, the teachers, the parents, the alumni and students.

The new era of the New Senior Secondary Education has begun. It marks a significant change in the education system of Hong Kong. Curriculum reforms are inevitable. We will need to face new assessment methods and reforms of the academic structure. Yet, our students are encouraged to take up challenges and make use of every opportunity in learning. Our school vision is, 'To provide one of the best educations in the world with a global perspective for boys in the local community'. Taking a glance over the awards won by our students, we believe we have already achieved it.

Our new campus in New Clear Water Bay Road is still in smooth progress. Hopefully, we will move into the new campus in 2011. Once the campus is completed, we will work hard towards the goal of becoming a world-class secondary school and nurturing more outstanding graduates for Hong Kong and China.

The road in front of us is long and winding. Yet, with the guidance of God and our concerted effort, we can overcome the new challenges.

MR WONG CHI KEUNG

Sing Yin Secondary School
40th Anniversary

*Those were the days,
my friend*

Sing Yin History (1970-2010)

1966

Rev. Fr. Patrick Canavan, SVD was sent by the Divine Word Missionaries with the mission to open a government subsidized SVD sponsored secondary school.

1970

The Opening of Sing Yin Secondary School in Lam Tin, Kowloon, with Fr. Canavan as the Supervisor and Principal. Sing Yin Secondary School was founded with an enrolment of 370 F.1 and F.2 students.

1970

One of the teachers, Mr Wong S. K., with 32 Sing Yin boys in his 2E class

1970

Sing Yin began with 16 teachers.

1970

When Sing Yin opened, only the 1st and 2nd floors had been completed. There was no main playground. Students played ball games in simple facilities. The construction of the school building was completed in 1971.

1974

Our first 135 F.5 graduates

1975
The Students' Association was established.

Girls were admitted in Form 6.

The Quiz Team, one of the extra-curricular activities in Sing Yin, was organised in the 1970s. Mr. Lau Pui Kee was the advisor. With his effort, Sing Yin Quiz Team won a lot of awards. The photo was taken in 1992.

1990
The 20th Anniversary Celebrations

1993
The Retirement of Rev. Fr. Canavan

2000
The 30th Anniversary Alumni Reunion Dinner

2003
Bishops Joseph Zen Ze Kiun, SDB, and John Tong Hon celebrated the Canonization Eucharist in Sing Yin with over 40 priests at the Canonization Ceremony of St. Arnold Janssen and St. Joseph Freinademetz.

2003
The outbreak of SARS

2005
A team building activity on Staff Development Day

2009
The Singing Contest is a great event in Sing Yin.

2006
Students winning a lot of championships and entering Division 1 in various sports

2009
In recent years, our students did very well in many international competitions, including the Physics Olympiad.

2009
Our first visit to the new school site in New Clear Water Bay Road

2010
This year, some alumni organized a mentorship programme to provide a link between our alumni and our students.

Memorable Moments (1970-2010)

Message from

Parent-Teacher Association

聖言中學家長教師會

家庭與學校合作事宜委員會自 1993 年成立以來，大力推動家校合作，鼓勵學校成立家長教師會，更撥款資助家長教師會舉辦有關的活動，而聖言中學家長教師會亦在 1999 年 7 月成立了。

自創會以來，本會致力推動不同類型的活動，如親子專題講座、步行籌款、親子日營、中五放榜工作坊、出版會刊等；感謝校方給予本會很大的空間，老師們的無限支持，再加上家長及同學們熱誠的投入和踴躍的參與活動，使本會會務蒸蒸日上，為同學們建立一個健康的學習環境。

家長與學校之間一直扮演著伙伴的關係，近年來教育改革急劇發展，學校給予家長參與學校事務的機會增多了，在彼此一起努力下，突破重重困難和障礙，不斷提升和改善學校的效能。這正是本會邁向「學校迎向家長，家長走向學校」的理念。

本會作為聖言中學的一份子，在未來家校合作的道路上，會繼續朝著「家校同心，齊步向前」而努力。感謝聖言中學在四十年來對服務學生、社區的貢獻，祝願聖言中學在遷往新校後，仍能再接再厲，為社區的男孩提供一個有國際視野、世界一流的教育團體。

*Message from**Alumni Association*

聖言中學校友會

四十年前，聖言會委派了甘百德神父在藍田創立了聖言中學。創校初期，藍田區居民並不富裕，學生多來自草根家庭，社區品流較複雜，治安也不太好。聖言就是在這樣的環境下，本著有教無類的精神，擔起重要的教育使命。

栽桃種李，立德樹人，憑著歷任校長及眾多老師的努力下，聖言在區內已成為首屈一指的學府。老師對學生的關懷，同學之間的互愛，加強了聖言同學對母校的歸屬感，在畢業後仍飲水思源，希望回饋母校。聖言校友會就是基於這份情而成立的。

為了把校友團結在一起，校友會將一如以往出版《川流》，讓校友畢業後，仍能得知母校的最新消息。此外，校友會約在一年前設立了一個舊生網上平台 (<http://alumni.syss.edu.hk>)，校友在註冊後，除了可瀏覽聖言的珍貴照片外，也可進入討論區，更可在網上報名參加各項活動。

適逢母校四十周年校慶，校友會於2010年3月19日舉辦了名為「聖言四十載情回歸宴」之校友聚餐，當晚筵開五十多席，近七百位師生聚首一堂，同賀校慶之餘，亦展望母校美好的未來。新校舍的落成，將是聖言重要的里程碑，期望母校能更善用新增的教學空間及設施，繼續踏上百歲征途。

Sing Yin Secondary School
40th Anniversary

Celebrate good times

40th Anniversary Thanksgiving Mass

In celebration of the 40th Anniversary of the school, a Thanksgiving Mass was held on 4th December at 3:00 p.m. in the Cathedral of the Immaculate Conception. All teachers and students joined the Mass to give thanks to God.

We would like to express our thanks to our celebrant, The Most Rev. John Tong Hon, Bishop of Hong Kong who held the mass and shared with us an inspiring message from God. He emphasized that we should work hard for our goals and help others with care and love and we can have a joyful and fruitful life only if we maintain a good relationship with God and our beloved.

40th Anniversary Alumni Reunion Dinner

More than 650 alumni joined the reunion dinner held at the Paramount Banquet Hall in MegaBox in Kowloon Bay on 19th March 2010 to celebrate the 40th anniversary of Sing Yin. Organized by The Sing Yin Alumni Association, the dinner gathering was a great success.

Apart from the alumni, many former teachers also attended this meaningful event.

To add fun to the dinner, some alumni sang songs at the dinner and received enthusiastic feedback from participants.

All alumni shared the joy of reunion with their former classmates and teachers.

40th Anniversary Performance Night

The 1200-seat hall in Sing Yin was packed with alumni, students, teachers and their families when alumni, students and teachers showcased their talents at the 40th Anniversary Performance Night on 22nd May, 2010.

The fabulous show started after the humorous introduction of the MCs, and the evening was full of highlights, including songs, magic shows, dances, dramas and acrobatic performances. The audience was also thrilled by the hilarious and sidesplitting talk show of the six MCs, which brought loads of laughter throughout the evening.

The evening reached a climax when our Principal Mr Kwok But sang the song "Nobody".

The four-hour show not only embodied our Sing Yin harmonic spirit, but also celebrated the 40th anniversary of our school. Apart from this, we have also raised money for our new school campus.

*40th Anniversary
Performance Night*

40th Anniversary Performance Night

40th Anniversary Open Day

From 28th June to 1st July, 2010, the 40th Anniversary Fun Fair and Open Day were held. We had the honour to invite the Chief School Development Officer of EDB, Mr Kwan Pak Keung to be our guest of honour. After his speech, all the guests, our Principal and Assistant Principals cut the ribbons and let the big balloon soar into the sky, symbolizing the future development of our school.

There were exhibitions of our school's history, students' extra-curricular activities and achievements. On those three days, there was an exhibition at the Hall and some other special rooms. Student helpers took an active role in welcoming the visitors and giving detailed accounts of the exhibits.

The highlight of the fun fair was the "Game Stalls". Students from different clubs and associations prepared 20 game stalls at the playground. Once the visitors stepped into our school, they were attracted by the colourful stalls. They were decorated beautifully and the games were very interesting.

Many alumni revisited their alma mater and took photos to celebrate this memorable moment of reunion and celebration.

Our Guest of Honour, Mr Kwan Pak Keung, the Chief School Development Officer

Students' Association

With a history almost comparable to the school itself, the Sing Yin Students' Association (SA) was established in 1975. From the first SA cabinet, the SA has been elected through voting by all Sing Yin students. The SA organizes many different activities every year and provides valued services to the students.

The election of the SA has always been a great event to mark the beginning of a school year. Usually there is more than one cabinet running for the election and in the two-week campaigning period, the campus becomes lively and full of excitement. Each cabinet gives out its own souvenirs and explains its policies and plans to the students. The most interesting and exciting part of the election is the debate between the cabinets, which is followed by the voting and inauguration of the elected cabinet.

This year, the SA has organized many activities. Firstly, we had joint school activities such as the Halloween Night, the Christmas Ball and City Hunting. We had our Variety Show at Christmas. We also organized fun-filled group games and quizzes during lunchtime about twice a month. Moreover, we held joint school oral practices for F.5 and F.7 students. We organized various visits, for example, to the Cathay City, so that students can explore the community and the world. Furthermore, we displayed information about hot social issues, for example, the June Fourth Tiananmen Square Crackdown and the Expo 2010 Shanghai China, in order to raise students' social awareness. We also showed our care to the community by raising money for charities after the Qinghai and Haitian earthquakes.

Apart from organizing activities, the SA also provides services like photocopying, sales of stationery and provision of recreational equipment.

The SA has always tried its best to be the bridge between students and the school. It is an indispensable part of Sing Yin and our activities leave many unforgettable memories in every Sing Yin boy's heart.

Christmas Ball

Halloween Night

City Hunting

School Prefect Team:

School Prefect Team (2009-2010)

School Prefects

The School Prefect Team works together with the school's Discipline Committee to maintain order in Sing Yin. We patrol the campus to ensure that all Sing Yin boys behave well. Our prefects have shown great loyalty and enthusiasm in fulfilling their duties.

Head and Assistant Head School Prefects

Study Prefects

To maintain a quiet and comfortable environment for students to study in, the Study Prefects uphold the rules and regulations of the study room. At the same time, they can make good use of the time and the venue to study.

Study Prefects (2009-2010)

Environmental Prefects

The Environmental Prefect Team was named in 2007 and carries out all the duties of the original Cleanliness Prefect Team. These duties include enforcing school rules that have to do with the overall state of tidiness and cleanliness of the school. Unlike its predecessor, the Environmental Prefect Team is involved in a broader spectrum of work. The Prefects also remind students to turn off the lights, fans, air-conditioners and the computer when leaving for recess and lunch. The goals of the Environmental Prefects are to make the school a cleaner and greener place for the students of Sing Yin to study in, and to help students develop a caring attitude towards the environment.

Environmental Prefects (2009-2010)

Library Prefects

The Library Prefect Team is a team of energetic and helpful students who are responsible for the circulation and processing of books in the school library. They also help organize library activities such as book fairs, reading award schemes and film appreciations. They are eager to help Sing Yin students in the school library and their service is much appreciated.

Library Prefects (2009-2010)

Houses:

Red House

Red House is a house of high spirits. We usually win the Best Cheering Team Award as we enjoy giving full support to our athletes. We have different strengths and contribute to the house in many ways. We are proud of being members of Red House!

Red House in the Music Contest

Yellow House

Yellow symbolises vigor. This year, our members presented this virtue to the whole school. They won the Inter-House Soccer Competition and the Inter-house Table Tennis Competitions. Moreover, Yellow House was the First Runner-up in the Swimming Gala. Our members show their excellent talent in sports in collaboration with each other.

Yellow House Officials

Blue House

Blue House is a big family. There is a deep mutual understanding amongst our members. This year, to our delight, we were the overall champions in various contests. We owe our success to our house members, not only those taking part in the competitions, but also those who have given support to the participants.

Blue House in the Music Contest

Green House

There are many Inter-House Competitions throughout the year. Many of our Green House members tried their best in the competitions. Even the non-competitors gave their support to the house. Our goal is not just to be successful in the events, but also to learn from others and develop our members' potential.

Green House in the Music Contest

Religious Clubs:

Catholic Society

The Catholic Society aims to promote the moral and spiritual development of Catholic students, particularly through the teachings of Christ and the spirit of faith, hope and love.

Our members attend Catholic lessons every Tuesday after school. We explore the Christian values and consolidate our beliefs by sharing Bible readings through discussions or games. We also organize various kinds of activities, like orienteering, BBQs, camps, sharing sessions and pilgrimages.

Pilgrimages

Religious life is important for nourishing our faith. Occasionally, we hold prayer meetings and during Lent, we offer Sing Yin boys an opportunity to participate in the way of the Cross and to take confession.

We participated in the Caritas Bazaar and the visits to the home for the elderly in order to learn the ways of helping and loving the minorities in Hong Kong.

We pray that the love of God will continue to embrace us all in Sing Yin and enlighten our hearts.

A visit to Home for the Elderly

Caritas Bazaar

Christian Fellowship

The Christian Fellowship is a service group with the aim of caring for the spiritual development of Sing Yin students who are Christians. It has a history of more than 30 years. Our meetings are held on Tuesdays after school. The Christian Fellowship provides a platform for students to discuss, explore and strengthen their faith in God. The committee and the club members would also like to support each other with the love of God and spread the love to every student and teacher in Sing Yin.

We often have prayer meetings, during which we express our feelings and share our experiences. We also pray in response to social issues and various international and local events. We also have musical worship sessions, where students can enjoy and relax with the beautiful melodies and insightful lyrics of Christian hymns.

Our advisor and committee members

Weekly meeting

We encourage our members to live out the teachings of the Bible and follow in the footsteps of Jesus. This year, we took part in a flag-selling day to help the poor and elderly. We were grateful that we could spread the love of God to society by volunteering.

In the future, we will keep promoting the brotherly bond among Christians. We will include the elements of love, hope and faith in our meetings so that students can learn how to lead an abundant life in school and in the future.

Academic Clubs

Biology Club

The Biology Club aims to enhance students' interest in Life Sciences. In order to provide our schoolmates with interesting and thought-provoking experiences in learning Biology, we have organized different types of activities. These include rat dissections, field studies, model making and lectures. In the future, we will try to work on designing some project-based learning activities to enable our schoolmates to develop investigative skills and to acquire critical thinking skills.

A visit to Ocean Park

This year, we organized a visit to Hong Kong Ocean Park. Our schoolmates had a glimpse into the rare Asian animals. All students had a great experience enjoying close contact with these animals.

An exhibition on "SARS and Viruses" was also held in May. Our schoolmates also participated actively in a quiz game that followed. It was interesting to know more about these life-threatening diseases. Furthermore, we broadcast "Blue Earth" in the covered playground during lunchtime.

Advisor and club officials

In May, our school participated in the Horseshoe Crab Nurturing Scheme organized by Ocean Park and City University.

Horseshoe Crabs

Our students gained experience in feeding and taking care of these "living fossils" in their juvenile stages. They were released to the coastal areas in September.

Chemistry Club

The Chemistry Club is run by a group of enthusiastic students who take an active part in sharing their knowledge in Chemistry with their fellow schoolmates. The Club aims to arouse students' interest and broaden their knowledge in Chemistry. In order to achieve this goal, we have organized a number of activities. In each meeting, we introduce some interesting experiments to our members. Through the experiments, we believe that students' interest in Chemistry can be aroused. These activities are mainly aimed at developing observation skills and investigative skills, but most of all, to have fun while learning about Chemistry. We have also organized visits to power stations, water treatment plants and sewage treatment plants. This can help our members to be aware of the application of Chemistry in our daily life.

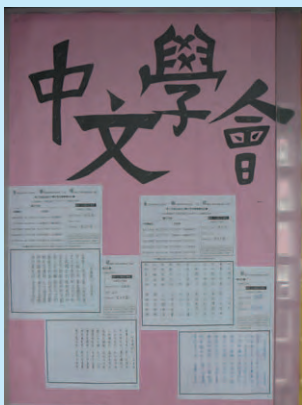

Making Nylon

We hope our students can develop their ability to observe in an objective way, solve problems in an experimental way and acquire more Chemistry knowledge.

Some enthusiastic members also participated in the Hong Kong Chemistry Olympiad and were awarded prizes in the competitions. In the future, we will organize more activities to enable more students to learn about Chemistry.

中文學會

中文學會是一個學術性的學會。我們的宗旨是增進同學對中文的興趣，並提昇同學的中文水平。中文是世界上最古老的語言之一，更是我國十三億人口的共同語言。中華文化源遠流長、博大精深，在五千年的滋養下成為了中國人的精神寶庫。而我們中文學會的幹事則是一群熱愛中國語文、中華文化的志同道合之士。雖然我們的認識只是其皮毛，但仍希望能貢獻自己的力量，幫助各位同學登上中文這位巨人的肩膀，看得更多、更遠。

本會今年舉辦了一系列活動。例如在會考心得分享會，我們邀請了上年度於會考中文科勇奪5星的同學分享心得，幫助同學於會考奪取佳績，同學的反應非常熱烈，不少應屆會考的中五同學參加了我們的活動，並給予很高的評價。另外，本會舉辦了猜燈謎、填字遊戲、小說創作等不同的活動來宣揚中國文化，還聯同其他學會舉辦了文科問答比賽，各班爭鬥得非常激烈。

我們希望在來年做得更好。

硬筆書法比賽作品

顧問老師及幹事

中史學會

本會的宗旨是加深同學對我國歷史及傳統文化之認識，透過一連串多姿多彩的活動，令同學在課餘時有機會去發掘中華五千年的輝煌歷史。除了填字遊戲外，本會於今年加入新元素：在標語創作比賽中，同學可用簡單濃縮的語言表達對國慶的感受。傳統上多以文字認識歷史，但歷史人物的圖片也是重要史料，所以本會舉辦了歷史人物相片競猜，務使同學能從歷史人物的容貌了解其行事作風。歷史電影就是以繪形繪聲的方法重組歷史事件，以活動、豐富的色彩表達、探索史事。

中史學會顧問老師及幹事

中國政治漫畫研習班

為了使同學感受到政治漫畫諷刺時弊的幽默辛辣手法，本會也舉辦中國政治漫畫研習班；至於午間問答遊戲，則以既輕鬆又緊張的方法測試同學對中國歷史的認識。我們期望這些活動能激發同學研究中國歷史的興趣和主動性，在吸收豐富的歷史知識之餘，也能藉此鑑古知今，領略做人處世之道，增進對國家的了解和感情。

Computer Club

Wong Yin Miu (MVP) and the chairman (2009-2010)

Nowadays, the use of the computers is not confined to data-processing and calculation. The world of computer science is more than 1 and 0. In the age of information technology, the Computer Club realizes the importance of introducing the world of computer science to our fellow schoolmates, and eventually teaching them how to take advantage of this revolution. As a pioneer responsible to introduce the knowledge and news in various aspects of Computers to our students, we also aim to arouse the students' interest in the field of Computers. Each year, a Computer team participates in the Hong Kong Olympiad in Informatics, and in the past few years we have achieved good results.

We participated in the Microsoft Imagine Cup 2008, which is a software design competition of a high standard organized by Microsoft every year, and we successfully won second place in the Hong Kong event, defeating many other teams, including university students. One of our teammates, Wong Yin Miu, has become one of the members of Microsoft's Most Valuable Professional (MVP) 08-09 and 09-10. This year, we were also honored to invite him to be our guest speaker at one of our talks.

Poster for the talk

中文辯論學會

中文辯論學會成立於**2008**年。學會成立的宗旨是為同學提供一個學習平台，透過關心時事，擴闊視野，增強語文學習能力。事實上，在新高中課程中，中文科尤注重訓練學生聽、說、讀、寫和綜合等能力，辯論活動結合了「讀」、「寫」、「聽」、「說」及「思維」五個學習範疇，可增加學習活動類型，有助提升同學對語文的興趣。

辯論比賽進行中

辯論學會成立以來，一直致力推廣校園辯論風氣，每年均舉行中四班際辯論比賽及辯論公開賽，讓同學有更多機會體驗辯論的精神和技巧。今年，本會更走出校園，與多間友校進行友誼賽，同學在當中取得不少寶貴的經驗。

學會展望來年可參加更多的校際比賽，以增強我校辯論的實力。

Economics and Accounting Club

Established in 1998, the Economics and Accounting Club is one of the most popular academic clubs in Sing Yin. We aim to stimulate students' interest in economics, accounting and the real business world. Over the years, we have organized a variety of activities, both inside and outside school, to achieve this goal.

We have organized news quizzes, crossword puzzle competitions and joint-club Arts quizzes for both junior and senior form students. These competitions were well received by our schoolmates.

We ran a stall at the Kwun Tong Lunar New Year fair in 2004, 2006, 2008 and 2009. This year, we participated in the Business Pioneers competition organized by the Chinese Manufacturers' Association of Hong Kong and were given a golden opportunity to run a stall in the 44th Hong Kong Brands and Products Expo in Victoria Park from 12th December 2009 to 3rd January 2010. It was a big challenge for us as we had to design and produce our own products for sale in only four weeks. As a result, all participants agreed that the experience, knowledge and friendship we gained from this activity was invaluable.

2007-2008 New Year Fair

2009-2010 Hong Kong Brands and Products Expo

Geography Club

The Geography Club aims at enriching students' knowledge of the geology of Hong Kong, and to raise their environmental awareness. The Hong Kong National Geopark was established in November 2009, showing forth the theme "Geology" of the Geography Club this year.

This year, the Geography Club organized a slogan competition against graffiti on rocks, a documentary show about the geological landscapes in Taiwan, an appreciation session of the theme song of the Hong Kong Geopark, and a sportive lunch game about rock classification. In addition, the Club organized two spectacular field trips, one to Double Haven and Lai Chi Wo Hakka village in December, and the other to High Island in May. In between, we visited the Rock Classroom and the Rock Garden in February.

A visit to Double Haven

In particular, the Geography Club successfully organized the Joint-School Geo-tour to High Island. Our Principal Mr. Kwok also joined us on the tour. We had fun together exploring the spectacular hexagonal volcanic rock columns, the sea cave and the cofferdam filled with dolosse units, and appreciating the breathtaking scenery.

History Club

To many, history refers only to the memorization of facts. In fact, it encompasses the record of human activities from the past. Through critical analysis of historical events, one can develop his logical thinking and nurture a sense of belonging to his country. Therefore, the History Club aims to encourage students' interest in the study of history.

This year, we organized a series of activities. 'Letters from Iwo Jima' was shown, which showed the Battle of Iwo Jima from the perspective of the Japanese. A debate was held for the F.4 students with the proposition 'Mao Zedong gained merit in the establishment of the PRC but failed in ruling the country.' Students showed great enthusiasm in the debate, which raised insightful arguments on the historical period concerned. A sharing session on HKCEE study skills was organized, in which F.6 students shared their learning experiences and examination strategies. In May, a field trip to the Second World War military structures at Wong Nai Chung Gap was organized. Mr. Lee Cheuk Wai, our club adviser, led a guided tour which traced the footsteps of the Canadian regiments in Hong Kong in December 1941. We sincerely hope that students' interest in learning history can be further enhanced.

Committee Members (2009-10)

Visit to the Military Structures during WWII

Integrated Science Club

Students doing interesting experiments

We aim at providing opportunities for students, especially junior form students, to explore science and help them to apply what they have learnt to their daily life. Our club also intends to inspire students to develop critical thinking in science, and to learn experimental techniques and acquire scientific knowledge through exciting, hands-on laboratory activities.

Our club has provided different kinds of activities to help students to be more involved in science. A supportive environment at the Integrated Science Laboratory encourages their intellectual development. We conducted the experiment called "Paper chromatogram of colourants on M & M beans". Each participant

made the chromatograms using filter paper and learnt that the colourants are the mixture of different dyes. A tour to the Yakult factory in Tai Po was held this year. Students learnt the story behind the production of Yakult, followed by tasting of freshly made Yakult direct from the factory and were given some souvenirs from the factory at the end of the tour. Students could also have more opportunities to learn science beyond the classroom as some lessons were provided by our club. Junior students can learn from the senior students, and the senior students can share their knowledge and passion for science.

To further develop students' appreciation of science, to develop inquisitive minds and an ability to relate science to daily life, our club will continue to offer different kinds of activities for our members.

A Visit to Yakult factory

Junior English Club

The Junior English Club aims to encourage Sing Yin students to use English confidently. Improving English language skills is important so we put a lot of effort into building an atmosphere which allows Sing Yin students to speak English naturally in their daily school life.

Form 1 students are new to our school and most of them are not used to in an English-based environment. Therefore, it is our responsibility to assist them to improve their English skills through interactive activities. In the past, our club organized numerous activities such as watching English movies and dramas and doing crossword puzzles. The main aim of the activities is to have fun and to experience more.

Let's play!

During English Week, several games such as 'Boggle' and 'Words-in-a-Word' were organized and students were very interested. Winners were awarded with gifts as encouragement.

On the whole, the Junior English Club has made a great effort to help improve students' skills in English language.

Committee officials

Mathematics Club

The Mathematics Club aims to arouse students' interest in Mathematics and to unearth potential talents in the subject.

Various activities are held to achieve this. Training is provided for students by Mr Chung Tat Chi, a former member of Hong Kong Mathematics Team. Students who have shown outstanding performance will be given the chance to participate in inter-school mathematic competitions. We also organise inter-class mathematical competitions for all F1-3 students. The Sing Yin Secondary School Invitational Mathematics Competition is another important event. Each year, about 100 students from more than 30 secondary schools in Hong Kong join this competition. The event is remarkably successful. Moreover, we promote various mathematical games such as Rummikub and Puzzle Loop to entice students to indulge in the world of mathematics.

Sing Yin students have done well in various competitions. We won the championship in the Hong Kong and Macau Mathematical Olympiad Open Contest 2010 (HKMO Open) organized by the Hong Kong Mathematical Olympiad Association and were third runner-up in the Hong Kong Mathematical High Achievers Selection Contest 2006-2007 organised by Po Leung Kuk. Students gained individual prizes too.

Trying hard!

We won!

Physics Club

The objective of the Physics Club is to introduce the vast world of physics to our fellow schoolmates, and practically, to allow them to understand the physics behind everyday life.

Sing Yin Secondary School pays close attention to the development of students with a gift in Physics. Prominent students are encouraged to join the Hong Kong Physics Olympiad. Sing Yin students have made remarkable achievements in the field of Physics. In the past few years, most of the Sing Yin participants in the HK Physics Olympiad have won prizes. There is on average one Sing Yin student selected for the Hong Kong delegation team for the Asian Physics Olympiad and the International Physics Olympiad each year. This year, Jonathan Ma Hon Son was also selected to represent Hong Kong and won an Honorable Mention in the Asian Physics Olympiad held in Taiwan in April 2010. In July 2010, he took part in the International Physics Olympiad held in Croatia and won the gold medal. Since 2004, our students have won 2 gold, 3 silver and 2 bronze medals in total.

A warm welcome back to Jonathan Ma (Gold Medal Winner)

Jonathan Ma won the gold medal

The Physics Club holds an Inter-School Physics competition annually, inviting different schools to send students to compete and exchange their ideas in the field of physics. This event is held around early December each year, with around 15 schools taking part and 100 students participating. This year, we were honoured to have Professor Michael Wong from HKUST to give a talk after the competition.

普通話學會

普通話學會成立已八載，一直致力向本校同學推廣普通話，誘發他們對學習普通話的興趣。在香港與祖國關係日益密切，世界與中國的交流日益頻繁的今天，學好普通話已經成為開闊視野、爭取機遇的必備條件。本會透過不同形式的活動，如拼音填字遊戲、參觀香港電台普通話台、校內普通話廣播等活動，增加同學在課堂外接觸普通話的機會，讓他們認識到普通話在日常生活中廣泛的應用層面，協助大家發掘學習普通話的趣味。

本年度的普通話周已於三月上旬舉行。在這一星期內，本會一連舉辦了幾項活動，藉以增強校園學習普通話的氣氛。其中，普通話演講比賽和普通話歌唱比賽乃是次普通話周的重點項目。比賽中，同學們都盡展才華，普通話水準亦有所提升，這正是大家所樂見的。

經過過去八屆幹事會的努力，今天的普通話學會已草具規模。今後，普通話學會定必秉承推廣普通話的宗旨，以提升聖言同學的普通話水準為己任，繼往開來，不遺餘力。

Senior English Club

The Senior English Club in Sing Yin is one of several language clubs in the school. It caters mainly to the senior forms, which include the students of Form 4 and above. The club aims to arouse students' interest in English through interactive and informative ways as well as to encourage students to use the English language more frequently as this can greatly enhance their capabilities.

Over the years, the Senior English Club has worked with the Junior English Club to organise a variety of activities such as going to watch drama performances, doing crossword puzzles, enjoying song dedications, completing quizzes and tackling word games. There are also inter-school competitions such as Scrabble competitions. To help students prepare for the public examinations, we organise joint-school oral practice sessions for Form 5 and Form 7 students every year.

Through the Senior English Club, students can gain confidence in speaking English which will enable them to communicate with people of different cultural backgrounds and to learn about different cultures. We will continue to serve our fellow schoolmates with the conviction that English is not only a subject, but a tool that students can use to explore the world.

Oral Practice

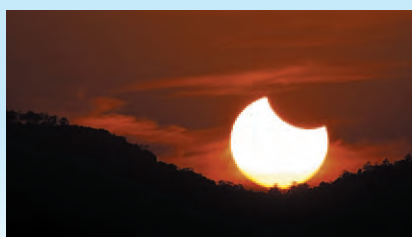

Interest Clubs:

Astronomy Club

The Astronomy Club has a 35-year-long history in Sing Yin. Under the leadership of different teacher advisors including our Principal, Mr. Kwok, the club has developed into a major ECA club with more than 100 members.

The club's committee consists of young astronomy enthusiasts from Form 2 to Form 7. They are so passionate about the hobby that those more experienced members from the higher forms often pass their valuable knowledge and experience to the lower form students. Therefore, the club is never short of members.

Various activities are organized every year. Each term, at least one stargazing activity is held on the roof of the school campus. Students are often amazed by what they can see through the telescopes in the urban area. Talks, film shows and software introduction sessions all broaden the horizons of the members in different aspects. The most popular activity is the overnight stargazing camp. Members can visit rural camp sites where they can enjoy the breath-taking scope of the universe. The young astronomers on our committee are also the champions in many territory-wide astronomy competitions held every year. They have been interviewed by several newspaper reporters. In recent years, they have also attained advanced skills in astrophotography using commercial cameras and low-cost webcams. Stunning photos from a total solar eclipse to star trails have been taken.

Partial solar eclipse, Yau Tong, HK

Through learning astronomy, students are able to discover how fascinating science is, and they may appreciate the beauty of nature. The Astronomy Club will continue to allow members to explore different areas and will continue to identify young astronomy enthusiasts in the school.

Star Observation Camp 2010

Board Games Club

The Board Games Club is one of the most popular clubs in Sing Yin. One of our aims is to develop students' interest in board games. Playing board games is a good hobby with many benefits. Firstly, playing board games is fun and interesting. Secondly, it trains our brain powers and allows us to think of different strategies. This will allow us to win and become smarter in the process. Thirdly, we can make new friends from various forms and different schools. This helps us broaden our social circle.

The Board Games Club is open to members every Friday. The Club provides students with a comfortable and relaxing environment where they can enjoy playing various games.

Apart from regular meetings, the Club holds various competitions each year. This year, we held a Monopoly competition, a Monopoly Deal competition and a Rummikub competition. This provides a good chance for students with different interests to demonstrate their skills and to compete against each other. Most importantly, students play happily and learn much from the competitions.

Board Games Club Meeting

Bridge Club

The main objectives of our club are to explore and experience the profound joys of Bridge and to enhance Bridge techniques through competitions. We conduct courses and offer assistance to beginners. Thus, regular courses are held every Wednesday after school. Also, aiming to let schoolmates know more about Bridge, information and useful skills are posted on the Bridge Club's notice board. Our achievements include being awarded the Champions in the Hong Kong Secondary Bridge League (Pair 1) organized by the Hong Kong Secondary School Bridge League (07-08) and being the First Runners-up in the Rose Bowl 2007 organized by Hong Kong Contract Bridge Association (06-07).

Through calculating, analyzing and reasoning, Bridge helps to develop logical thinking skills, emotional intelligence and effective communication.

Students thinking hard (Rose Bowl 2009)

Rose Bowl 2009 - In competition

Chess Club

The aims of the Chess Club are to arouse students' interest in playing chess and to increase the students' ability to play chess.

We have general meetings once a week. Together with informal meetings, we provide a friendly environment for students to relax in by playing chess. We have held many activities for students. For example, training lessons were organized to teach different kinds of chess such as Go and Shogi (Japanese chess). We also held many competitions, such as Chinese chess competitions, Go competitions, Japanese Chess competitions, etc. Besides, we also post some challenging chess problems on the club notice board for students.

Students playing chess

We have had outstanding achievements in Inter-School Competitions. In the Yenching Cup Inter-School Go Competition, we were the Group Champions in 2007 and 2008, and the Second Runners-up in 2009. Tsoi Ho Yin was also the Individual Champion in the same competition in 2009. For Chinese Chess, we were the group champions in some Inter-School Chinese Chess Competitions. Chan Chun Hang and Ng Chun Sing were also individual champions in various inter-school competitions.

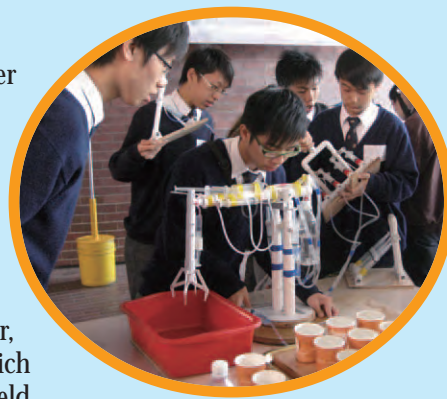

Chess Prize winners 2009

Design and Technology Club

We aim to nurture students' interest in technology and to foster their creativity and logical thinking by organizing various activities like robotic workshops. We encourage students to participate in public competitions to foster their creativity and to apply knowledge in different areas. In addition, this helps to increase their passion for science subjects as well.

Every year, we organize a series of activities including a visit to the Science and Innovation Centre and the Robot Football Cup. This year, supported by the school, we introduced the Lego Mindstorms NXT, which allowed students to design, build and program their own Robot. We held a Lego Robot Workshop, cum competitions and formed two teams for the Hong Kong FLL Robotics Tournament.

In the past few years, our members have participated in various public competitions and showed outstanding results. They have won several awards, including the Best Inventiveness Award in the Young Inventor Competition and the Best Teamwork Award in the Hong Kong FLL Robotics Tournament. It was very encouraging that most of the prize winners were new to the competitions, unveiling that Sing Yin students, apart from their rich knowledge in science, are also good at applying abstruse theories. We will continue our mission to provide opportunities for our students to explore various new technologies in this ever changing world.

Hydraulic Robot Arm

Sure win!

Environmental Protection Club

The Environmental Protection Club was established with the aim to raise students' awareness of environmental problems as well as to enhance students' knowledge and to give them experience in environmental conservation.

Over the past five years, we have organized lots of activities for our members. They included visits, talks and field trips. Every year, some members join the "Resources Conservation Ambassador Scheme". They have participated actively in various environmental protection programmes.

At school, environmental prefects and monitors assist in keeping the campus clean. Students can switch on the air conditioners only when it is hot enough to reduce energy consumption. We have also organized recycling competitions.

This year, we visited an old-clothes collection plant and an organic farm in Yuen Long. Members gained much knowledge about recycling and organic farming. Also, we visited the Hong Kong Wetland Park. After the visit, the members were strongly impressed by the wonders of nature.

Visit to Wetland Park

What a big carrot!

Hong Kong Award for Young People

The Hong Kong Award for Young People (HKAYP), formerly called The Duke of Edinburgh's Award Scheme, is a member of The International Award Association. The HKAYP, with its unique international principles, cultivates the spirit of self-challenge and perseverance.

The optimist sees opportunity in every difficulty. We see the opportunity for achievement in every challenge. AYP aims to challenge young people everywhere and provides opportunities for young people to challenge themselves. We fully believe that if you take up a challenge, you will make a difference to yourself as well as to the community.

AYP camp

Each year, our club helps fellow students attain different standards of awards, namely Bronze, Silver and Gold. Students may either join all three levels progressively or start where they wish depending on their age. There are four sections that students are required to complete. They are Service, Expeditions, Skills and Physical Recreation. Participants of the Gold Award should complete an extra section-Residential Project. Gold Award winners can receive their prizes presented by the Chief Executive. Participants have to complete all activity requirements by their 25th birthday, so they can continue their goal even after they have left school.

Hiking

Prize-giving ceremony

Every year, our club holds hikes, barbecues and community services for students to explore more about the award scheme.

Gardening Club

The Gardening Club aims to help Sing Yin students to learn more about gardening. Acquiring both theoretical knowledge and practical skills in the garden of Sing Yin, students can enjoy the process of planting whilst taking care of their own plants.

In theory, skills or principles are not delivered in an academic manner but through realistic and interesting ways. In practical activities, the skills of growing plants are taught by experienced senior club members or instructors. For example, this year two parents from the PTA were invited to conduct a workshop on how to take good care of water-lilies, a plant usually appreciated by the Chinese at Lunar New Year.

We have organized various interesting outings too. For example, in April 2010, we visited an organic farm in Yuen Long. In the last few years, visits to the annual Flower Exhibitions in Victoria Park and Study Tours to mainland China were held.

Hard at work as a farmer

A study tour to mainland China

Joint-clubs function (Gardening & Geography Club)

Quiz Team

Since 1970, the Quiz Team has won many prizes in a variety of quiz competitions, ranging from inter-school quizzes to large-scale regional competitions in Hong Kong.

We aim to arouse students' interest in social issues and specific knowledge through quizzes. Besides, through regular training, students' level of alertness and responses to questions is improved. The attitude to learning, an increase in self-confidence and an ability to cope with stress are developed.

Over the past five years, we have won 26 championships. These are the fruits of the hard work of our students.

Recently, our Quiz Team members focused on the quiz 'Know China, Know Hong Kong'. They have won seven championships and were awarded first-runner up three times in this open competition. Furthermore, we won the second-runner up in the First Diplomatic Knowledge Contest. Students visited the Ministry of Foreign Affairs of the People's Republic of China in Beijing. Every year, we join the Occupational and Safety Quiz competition. Last year, we were both the champion and first-runner up.

Champion in 'Know China, Know Hong Kong Quiz'

Champion in 'First Mental Health Quiz'

Sports Clubs:

Athletics Club

The Sing Yin Athletics Club was established in 2005 to promote athletics. Our main objective is to encourage students to participate in sports events, especially in track and field, so as to improve their physical fitness. We also aim to find athletic talents in Sing Yin and to upgrade the standard of the Sing Yin Athletic Team.

The Athletic Team participates in Inter-school Athletics Championships organized by the Hong Kong School Sports Federation every year and has performed outstandingly. Major awards in the past included Third Place in the Inter-school Athletics Championship (B Grade), Division III (Kowloon Area Four) 2009-2010, Third Place in the Inter-school Athletics Championship, Division III (Kowloon Area One) Boys A Grade 2008-2009, Third Place in the Inter-school Athletics Championship, Division III (Kowloon Area One) 2007-2008, Third Place in the Inter-school Athletics Championship (C Grade), Division III (Kowloon Area One) 2007-2008 and Third Place in the Inter-school Athletics Championship (B Grade), Division III (Kowloon Area One) 2007-2008.

Athletics Team

Sports day

In the future, we will organize more activities in school like daily training and jogging especially after we move to the new campus with more space, facilities and equipment. The Athletics Team will continue to participate in Inter-school Athletics Championships and to challenge ourselves to break our old records.

Badminton Club

The Badminton Club aims to raise students' interest in this popular sport, through providing systematic training and holding programmes related to badminton. Every year, competitions such as inter-house competitions, senior and junior form tournaments, and teacher-student matches are also held. The number of our members has been increasing in the past few years.

In recent years, our badminton team has improved a lot. That is why we were promoted from Division 3 to the highest level Division 1, in just 3 years. We have won a few inter-school championships. We have been competing in Division 1 for three consecutive years so both our club and team have a promising future.

Ready for competition!

Our Badminton Team

Basketball Club

Our Basketball Club aims to promote a healthy lifestyle and to build team skills. We organize activities and training to develop the skills of individual students in order to prepare them to work with and contribute to the team.

This year, our School Basketball Team has achieved outstanding results. Both A grade and C grade Basketball Teams advanced to the semi-finals in Division 1 held by the Hong Kong Schools Sports Federation. The enthusiasm of Sing Yin boys to cheer for the school Basketball Team was one of the major reasons for their success, and this developed a great spirit.

The Basketball Team

Canoeing Club

Sing Yin Old Boys with their trophies after the Tolo-Harbour Canoe Race

A canoeing club is not common in Hong Kong secondary schools. Yet, one can be found in our school. Canoeing trains not only will power and physical fitness, but also helps to foster team spirit. Our club enjoys the support of the club adviser and our old boys. Activities held include 'Star Awards' training courses and some canoeing skills practice.

Since canoeing is an outdoor activity which is determined by the weather and the sea conditions, the ratio of instructor to participants is 1:8. In the Star Award training courses, our adviser will be the instructor who teaches our participants and monitors their practice.

Every year, the team will join the Inter-school Canoeing Race held by the Hong Kong Canoe Union (HKCU) at Shing Mun River. The team will practise before the race. Our athletes' spirit and hard-

work is appreciated. In the early years, students and old boys were able to win prizes in the Inter-School Canoeing Race and other open races, e.g. the Tolo-Harbour Canoeing Race, the Sai Kung long-distance Canoeing Race and the Hong Kong Open Marathon Canoeing Race.

One derivative of canoeing is canoe polo. Canoe polo courses are jointly held by the LCSD and the HKCU at Wan Chai Swimming Pool from June to August every year.

All in all, canoeing is a salutary activity which gives participants an opportunity to appreciate the natural environment and the living creatures which they cannot find in the urban jungle.

One-Star Award Certificate Course (2008-09)

Football Club

The Football Club is one of the most popular clubs in Sing Yin.

Our club has organized a number of football competitions including the Senior Sing Yin Cup and Junior Sing Yin Cup. A total of 24 teams participated in the competitions. Our club also helped the Sports Club run the Senior Inter-house Football Competition and the Junior Inter-house Football Competition. With the great support of our adviser and the Sports Club, these events were very successful.

This school year, the Sing Yin Football Team has made great achievements. The Sing Yin A Grade Football Team regained the Division Two Boys Championship after 3 years, and the B grade members were awarded the second runners-up. As a result of these incredible results, the Sing Yin Football Team was promoted to Division

Our Football Team

Goal!

One, one of the most competitive interschool competition divisions in Hong Kong. The members from the club also made invaluable contributions. Without their efforts, these amazing results would not have been achieved. With the devotion of the players and the support from the school, it is hoped that the Sing Yin Football Team will perform well in Division One.

Fencing Club

The Fencing Club was established in 2003, with the aim to promote the historical sport of fencing and to develop the potential among Sing Yin boys.

Impressed by the shining silver blade under the sunlight and the retro-style uniform bright in colour, many lower form students joined the club. Freshmen have to go through harsh training and some find this a real challenge. They have to withstand not just the intense heat as they wear thick protective clothing at 30°C in summer, but also the physical pain from the strike of enemies. Although the training is strict, there are many sweet moments.

After the introduction of an electronic scoring apparatus in 2005, which is a significant step forward, our members received better training at school. As a result, the Fencing Team won the bronze prize in the SCAA Fencing Competition, their first ever prize in tournaments, which was a landmark experience and gave our teammates great encouragement. By the end of the school year, the Fencing Team had already won 7 prizes. Our achievements are the result of the hard work of our members, the patient guidance of our coach and the great support of our school.

We believe that the Fencing Club will continue to grow and our members will attain further achievements in the coming years.

Our Team members

In competition

Handball Team

Our coach and our team members

Grade A Handball Competition

Our Club is devoted to promoting handball at school so that more students will know more about this sport. Moreover, the handball team was formed in order to raise the skills of every member in different aspects, and, most importantly, to promote the cooperation between members.

In 2006, our club advisor organized several handball training courses for all Form 1 to Form 6 students. Those courses were well received. The participants were active and interested in handball. Furthermore, Sing Yin Boys showed huge potential in handball. As a result, we decided to establish the Handball Team and Handball Club in early September 2007.

When the Handball Team was first founded, there were only a few members. The team has grown over the years and we now have more than 40 members. All the members are passionate about handball and we all have high aims.

As handball becomes more and more popular, our club will further promote this sport at school. We will organize more training courses and sharing sessions for all students. Furthermore, our club is going to hold inter-house competitions in the coming years.

健康及體適能學會

本學會創立於**2001**年，素來致力宣揚「健康生活」的訊息。本會鼓勵同學均衡飲食、多做運動和經常作身體檢查，建立健康人生。本會鼓勵同學多鍛鍊身體，健身室每日皆開放給學生使用。健身室器材多樣化，包括啞鈴、跑步機、划艇機、單車機等等。有意鍛鍊肌力，肌耐力，爆炸力和心肺功能的同學皆可從中找到合適的器材。本會每年舉辦室內划艇比賽，同學們十分踴躍參與。

雜耍亦是本會主要活動之一。聖言雜技團於**2005**年成立，旨在培養同學對雜耍的興趣。不論拋球、轉碟、扯鈴及鞭法等技藝，皆講求四肢及手眼協調能力和反應，學習雜耍對身體絕對有正面影響。本會每年亦會舉辦「雜耍訓練班」，聘請資深教練為有興趣的學生進行授課。此外，在今年全港首屆學界雜耍比賽中，聖言雜技團獲得團體組別第三名，成績優良。

本會會員亦熱衷於社區服務。會員經常到老人院，社區中心及友校進行探訪和表演。本會同學對社會的貢獻經常受到認可，今年會長（6A）蔡子俊同學及秘書（5C）勞振華同學獲得國際同濟會（Kiwanis Internal）社區服務獎，值得嘉許。

本會希望新校舍能加添更多健身器材，讓同學們有更多鍛鍊體能機會。而來年本會會申請外展教練到校作室內划艇訓練，以加強同學們心肺耐力，及培養他們養成經常運動的習慣。

雜耍隊參與校外比賽

Shuttlecock Club

The Shuttlecock Club, which is a new club, was first established in 2006. With the aim of promoting shuttlecock and playing for improvement, we have achieved a lot in these few years.

The shuttlecock training courses started in 2008, with Kitty Liu as our coach. In May 2008, four Sing Yin boys were selected to join the Youth Training Scheme (YTS) held by the Hong Kong Shuttlecock Association (HKSA). It was the first time we had joined that scheme so we were definitely thrilled. In 2009, we joined the Shuttlecock League organized by the HKSA for the first time. We were joyful at the result as we were awarded the 3rd runner-up out of twenty-one teams.

In addition, our students, Yeung Tsun Wai and Yue Chak Yan, were selected to represent Hong Kong to join the “National Shuttlecock Competition for the Youth” last summer. Lau Tsz Kin, another outstanding student, was also chosen to join the “Interport Shuttlecock Competition”.

2010 Shuttlecock League Team members

2009 Shuttlecock League Team members and our coach, Kitty Liu

This year, we organized two activities, the Shuttlecock Demonstration and the Shuttlecock Competition.

The Shuttlecock Demonstration was held on 2nd Oct, 2009. Many students were involved and they enjoyed it very much. The Shuttlecock Competition was held on 13th May, 2010 and the competitors were enthusiastic. Both of the activities successfully promoted shuttlecock.

In the future, in order to attract more students to join our club, we will continue to enhance the profile of our club. We will hold more games during lunch time and after school, so that more students can have an opportunity to play shuttlecock.

Sports Climbing Club

Our club aims to promote sports climbing and encourage Sing Yin students to challenge themselves. Each year, our club provides regular sports climbing training and inter-house sports climbing competitions for our schoolmates.

Every year, each new Form 1 student has to take part in a one-day sports climbing course. They are required to climb the climbing walls in our school campus as a new challenge in their new school life. This activity encourages them to deal with difficulties themselves so that they can learn how to become more independent.

The Sports Climbing Team was set up, representing Sing Yin to participate in open competitions organized by the Hong Kong Mountain Union and the Leisure and Cultural Services Department. Our teammates, including both junior and senior members, have achieved outstanding results over the past two years.

F1 Fun Course

We enjoyed the Fun Course.

Sports Club

The Sports Club coordinates various sports clubs in providing a variety of sports activities, such as football, basketball, table tennis, badminton, sports climbing and tennis. Interested students can join the respective clubs for different activities. They can also become school team members if they want to receive training and represent Sing Yin in inter-school competitions. Through training sessions and competitions, students can build their confidence, communication skills and improve their physical fitness.

Sports Day 09-10

Swimming Gala 09-10

The Sports Club also organizes sports demonstrations. For example, in 2009, the Sports Club invited the Eastern Football Team, a famous football club in Hong Kong, to perform for our students.

Swimming Club

The Swimming Club aims to help students develop their physical health. We hold swimming training courses for students who are interested in swimming every year. Our ultimate aim is to enable all Sing Yin boys to learn how to swim and to take swimming as one of their hobbies.

Our club takes an active part in the Swimming Gala. This year, 182 students took part, which was close to the number of competitors last year. Five records were broken.

The Swimming Club held a stroke improvement course between September and October of 2009.

Our club had very good results in the Inter-School Swimming Championships Competition. In 2007-2008, we were 2nd overall in the Division Two Competition, and were promoted to Division One. This year (2009-2010), we were placed in 5th position overall.

In the future, the club will encourage more students to learn how to swim, to swim better and to enjoy swimming. We hope all students of Sing Yin will know how to swim one day.

Overall champions

Swimming Gala 09-10

A lot of students participated in our Swimming Gala.

Taekwondo Club

The Taekwondo Club was set up in 2005. The aims of the club are to raise the awareness of taekwondo among students and to encourage students to participate in taekwondo competitions. Through learning taekwondo, students can learn how to overcome difficulties. They can also develop mutual respect for others.

The club has organized several taekwondo training courses for students. Furthermore, video sharing showing taekwondo skills was held. Also, a barbecue for the Taekwondo Club members was organized to enhance friendships among the members.

The club has won several awards in different taekwondo competitions. In 2008, Wong Tsz Cheuk from 4B was the Second Runner-up of the Fly Category in the Secondary Schools Taekwondo Competition. In 2009, several club members won awards in the New Territories Taekwondo Competition. Ho Chiu Lok from 2A was the Third Runner-up of the 37-40kg category, Law Long Hei from 2E was the Third Runner-up of the 41-45kg category and Sze Cheuk Fung from 2B was the Second Runner-up in the 34-37kg category.

In the future, the club will encourage more students to take part in taekwondo training courses, through which basic self-defence skills can be acquired. Moreover, the club will encourage more members to participate in competitions.

We set up the club to raise the awareness of taekwondo in the school and to encourage students to take part in taekwondo

Students won prizes in the New Territories Taekwondo Competition

Table Tennis Club

The Table Tennis Club was set up in 2002-2003. At that time our school team was in the Kowloon Area Division Three. We won the championship in 2004-2005 and were promoted to Division Two the following year. We were the second runner-up in 2005-2006. We won the championship in 2006-2007 and were promoted to Division One the following year.

Each year we organize school team training courses and basic skill training courses for students. We also organize the Sing Yin Cup Table Tennis Competition for all students.

This year our school team representatives had an outstanding performance as we won the overall 6th position in Division One in the Inter-school Table Tennis Competition. This is the best result our school team has ever attained.

In the future, the club will encourage more students to take part in table tennis activities. We will try our best to keep our school team in Division One.

Our Division One team

Table Tennis Team

Tennis Club

The Tennis Club was established in 2003. Since then, The Tennis Club has been expanding and trying its best to promote tennis to Sing Yin students. We have regular practice sessions and have joined a number of competitions. This year, our aim is 'to promote tennis among Sing Yin boys'. Tennis is still perceived by many, as a sport solely for the upper class professionals. Having experienced the joy of tennis, we hope to share this great sport with schoolmates and thus the growth of tennis became our aim this year. We organized a series of tennis-training courses for members to join. This course has attracted many junior schoolmates and they all had a great time. Furthermore, we have organized a competition - The Sing Yin Cup.

Tennis Club, teachers and students

Our school team also achieved good results this year. In an inter-school competition, we were ranked seventh. Besides, we have won seven individual awards in different district competitions too. Our school teams have frequent training sessions. Our skills have hugely improved and we aim to be the champion of the inter-school competition next year. I am sure that the Sing Yin tennis team will continue to grow in strength and to shine.

It is good news that the new campus of Sing Yin is close to a tennis court. This way the Tennis Club has an advantage in attracting students' attention. With the attractive position of the new campus, it is time for more tennis in Sing Yin.

Arts Club:

Dance Club

Our team members

The Dance Club was established in 2001. Our aim is to promote dance activities among our students and we have organized different dance courses including hip hop, breaking, popping and social dance courses for our students. Just like other sports, dance practice is not only physical training, but also an activity that helps build team spirit, self-confidence and self-discipline.

Over the years, our Dance Team has won numerous prizes such as the Silver Award in the Open Dance Section at the 25th ShaTin District Dance Competition in 2004, the Honours Award in the Jazz Dance of Secondary School Section at the 42nd and 46th Hong Kong Schools Dance Festival in 2006 and 2010, the 2nd Runner-up in the 2008 DASH! Dance Competition organized by UNICEF and the 1st Runner-up in the High Schoolers Hip Hop Championship in 2010. Our dance team has also been invited to be the guest performers at different functions held by other organizations such as the Hang Seng Bank and the LCSD.

Dance Week is a special event organized by the Dance Club every year. Many activities are held during Dance Week including film shows, board exhibitions and dance appreciation activities to arouse the interest of our students in different types of dance. A variety of schools and organizations such as the Hong Kong Dance Company and the Hong Kong Academy for Performing Arts have been invited to give performances at our school during Dance Week.

Our future plan is to organize more dance activities for Sing Yin boys to participate in, so as to promote dancing and to bring joy and fun.

Brilliant Performance

Drama Club

The club aims to provide a platform for students interested in drama to learn to perform and to appreciate the art.

The club offers courses and workshops in acting and stage management and also introduces courses held by professional drama groups to its members. It assisted in stage management at school functions like the Variety Show and Prize Giving Day before the Stage Management Team was formed. The club also cooperates with other clubs including the Music Club and the

Dance Club at events such as singing

contests and dance shows. The club advisors lead club members to enjoy dramas staged by professional groups at least twice a year. It also recommends good performances to its club members.

Joint School Drama Production

Action!

Actors and actresses

The club is an active member of the Joint School Drama Production. The highlight of the year is the joint school drama performance staged in the summer holidays. This provides a great opportunity for club members to practise what they have learnt in public theatres.

Photography Club

Advisor and committee members

To develop students' interest and skills in taking photos, the Photography Club was established. We know that one of the keys to capturing precious moments is to understand the skills of taking photos. Therefore our club has organized activities and courses to allow students to acquire the knowledge.

Almost every year, we hold courses to introduce photography to our members. In the series of courses, we start by describing the structures inside a camera, from the lens, aperture, shutter, reflex mirror to the light sensor. Also, there is a lesson on how to construct a nice

picture to impress the viewers. It includes ideas about the depth of focus, colour temperature, and the proportion of objects inside a picture. In past years, we even invited some teachers to share their favourite photos, experiences and skills with our members.

We also organized other activities like the trip to Nam Shun Wai and portrait photography workshops, so that members could practise taking photos indoors and outdoors, and with or without artificial lighting.

Since practice makes perfect, our club also provides chances for our members to practise what they have learnt, ranging from large school events like Sports Day, the Swimming Gala, the Prize-Giving Ceremony and the Singing Contest to smaller activities like the Mid-Year Prize-Giving Ceremony and the Christmas Variety Show. We invite members to join our team to make contribution to Sing Yin as well as to practise photo-taking skills.

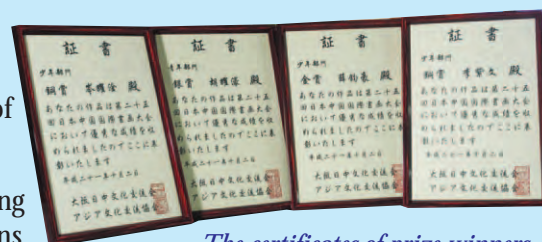

Who am I?

Visual Arts Club

The aim of the Club is to develop artistic talents and creativity of the members.

We conducted a lot of activities this year, including comic-drawing sessions, movie shows, watercolour painting classes, drawing lessons, ceramics workshops, and visits. Every year, we hold artist-in-residence programmes. Tsang Cheung Shing, a famous potter in Hong Kong, conducted a ceramics workshop called "The Life of Clay" and a talk on appreciation of his artwork in 2007. Kan Tai Keung, a world-renowned graphic designer, conducted a graphic design talk on "See, Touch and Think" in 2008. Vito Bertin and Tam Sin Lung from The School of Architecture, the Chinese University of Hong Kong organized an exhibition, a talk and a workshop on architectural design in 2010.

The certificates of prize winners

Our committee members

Our students have won a lot of regional and international awards. For example, Sit Kwan Ho Matthew from F3A won a gold prize in the 25th Annual Sino-Japanese International Penmanship and Painting Competition in 2010. Some other students were awarded silver prizes and bronze prizes in the same competition.

Music Clubs: Brass Band

Founded in the late 1990s, the Sing Yin Brass Band aims to bring quality music to the school. We also want to encourage Sing Yin boys to enjoy and to learn how to play musical instruments.

Every year, we participate in inter-school competitions such as the Hong Kong Music Festival. In 2009, we won the Silver Prize in the Hong Kong Symphonic Interflow. Our performances in school functions are all well-received. The band has also been invited to perform in other schools as well.

On 29th April, 2010, the band held the biggest live concert in Sing Yin. With teachers and student performers singing on stage, this time the entire band played as accompanists. The aim of this concert was to give our schoolmates a chance to enjoy live music without earphones, and to feel the power of live music.

Ready to perform

Our Brass Band

"Live Concert in Sing Yin" reminds our fellow schoolmates of the beauty of live music. "Music and passion are always the fashion" (an excerpt from the lyrics of "Copacabana", a great hit by Barry Manilow). Music is always the fashion; GOOD music must come with passion. We hope you enjoy the passionate music we bring you!

Classical Guitar Club

Our Club was established in 1998. We help students to develop their talents in classical guitar and to give them the chance to learn different musical instruments. We have lessons every Saturday. We also aim to develop students' confidence through competitions and performances. Our members have made great achievements in both ensemble and solo competitions in the Music Festival organized by the Hong Kong Schools Music and Speech Association (HKSMSA). Last school year (2008-2009), our members were the champions in the HKSMSA guitar ensemble and some were awarded merit in the solo category. Our members are very enthusiastic in community services such as performing in St. Edward's Catholic Primary School and Hong Chi Morninghill School.

Our Guitar teacher is Mr. Au Man Bun

Our Guitar teacher is Mr. Au Man Bun. He began his guitar training in his teenage years. Mr. Au was admitted to the Hong Kong Academy for Performing Arts where he studied under Ms Tina Karen Lo and became one of the first graduates majoring in Guitar Performance. Mr. Au was invited to perform on the "Young Music Maker" of RTHK Radio 4 with "The Guitar" Quartet. Au continued his guitar studies at the University of Southern California. He is currently teaching guitar at the EXCEL of the Hong Kong Academy for Performing Arts, Lycee Francais International and Baron School of Music.

We would like to thank our teacher Mr. Au and adviser Mrs Ng Lo Mei Fong. Mrs Ng helps us in the organization of the club. She gives us advice on the club activities and encourages our members to participate in competitions.

Champions in the HKSMSA guitar ensemble

Orchestra

The Orchestra consists of the talented students from the Brass Band and the String Band. Our members practice every Thursday. More practices are organized on request. Some members have joined the instrumental classes in order to improve their skills. To exhibit the skills they have learnt, they are given the chance to perform at important events at school such as the Prize-Giving Ceremony and the Performance Night of the School Anniversary. They also attend concerts in order to learn from professional musicians. The orchestra has been led by Mr. Ng King Chuen (we always call him "King Sir") for years. Recently, Mr. Ng's wife, Winnie, also joined us for practice.

Starting from 2008, in order to encourage our schoolmates to enjoy music more, to learn more about music and to listen to various kinds of music other than pop songs, the Orchestra and the Music Club organized mini concerts at lunch time.

40th anniversary Performance Night

Teachers and students were invited to sing at the concerts. Members of the orchestra have the chance to play the accompaniment and to play in a solo or in a duet. We analyze the lyrics of the songs, try to understand what the composers wish to deliver and of course, enjoy the music. In 2009, in order to follow the school's major concern, the main theme of the concerts was "love". Over these two years, we have held more than ten concerts. Students' response is encouraging. Sometimes, more than 700 students gather in the hall to enjoy the music. This is really a wonderful moment in Sing Yin.

A member of the orchestra plays in the mini concert

Music Club

The Music Club organizes a wide variety of activities especially designed for Sing Yin boys. Every year, the Music Club will organize the Music Contest in December. Though the Music Contest is just an activity lasting for several hours, it would not have been made possible without the month-long preparatory work by different parties under the coordination of the Music Club. As there are hundreds of students competing to perform on stage at the final contest, the Music Club has to make a good selection with great care. Moreover, inviting special performers is always a challenge for the committee members.

Our club officials and advisor

The Enjoy and Learn Concerts were amongst the highlights of this year. Students were introduced to the etiquette in attending formal concerts. The Music Club is not just confined to the school. Years ago, students took part in the Music Marathon.

In conclusion, the committee members and advisors always come to a united front in the name of the Music Club to achieve their common goal.

String Band

Our band was established in 2000. We help students to develop their interest and ability in classical music through instrumental training. We have also provided a chance for students to bring their talents into full play, to achieve quality teaching.

Our band's conductor, Mr. Chan Chong Wai, has been a member of the Hong Kong Music Institute's orchestra as a violinist since 1992. From 2005 to 2008, Chan continued studying music at the Chinese University. In 2007, Chan went to Korea and joined the 'Asia Philharmonic Orchestra Academy' as a violinist. He then followed the Orchestra to perform in Incheon and Daegu. Our cello teacher, Mr. Wong Shi Kei graduated from the Hong Kong Academy for Performing Arts. He is now the assistant conductor of Hong Kong String Orchestra.

Performance on Prize-Giving Day

As well as providing formal string orchestra practices, we also provide string instrument classes to our students. Our band has made a great achievement during these years. In the 2008 Hong Kong Youth Music Interflows String Orchestras Section, our band won the silver prize. Also we participated in the string ensemble competition organized by the Hong Kong Music and Speech Association (HKMSA), last year and we were awarded a merit prize in the competition.

In the 2008 Hong Kong Youth Music Interflows String Orchestras Section, our band won the silver prize.

We would like to thank our former teacher Mr. Leung Lok. Mr. Leung has been a very responsible and devoted teacher. He took us to a higher level, and he has inspired us so much. Our club advisor, Mrs. Ng Lo Mei Fong, has given us a great support to improve the band.

Social / School Service Careers Club

The Careers Club provides students with the latest information about further studies and different working fields. We are dedicated to helping students make an appropriate choice in studies and jobs that suit their needs and interests.

To facilitate students' education and careers development, each year, a wide variety of activities such as talks, exhibitions, experience sharing sessions, quiz competitions and visits are held. Academically, careers talks for F.3 students on Streaming, for F.4 and F.5 students on the HKDSE and HKCEE respectively, and for F.6 and F.7 students undergoing matriculation on JUPAS and admission to tertiary institutions are conducted regularly by careers teachers.

With respect to occupational exploration and working fields, professionals or experts in relevant fields are invited to give careers talks to our students.

Interesting activities such as quiz competitions and visits raise students' awareness of careers planning. Leaflets and pamphlets published by different academic institutions and job-related authorities are frequently distributed to all the students. Last but not least, students may also seek individual counseling on their careers path from careers teachers. The committee members of our Club are well-equipped and ready at all times to ensure that our schoolmates benefit from the programmes, paving their own way to success.

Committee members with our Advisor

Community Services Group

We aim to serve people in need and in doing so, we hope to promote the social awareness of our members so we can learn to be more mature, caring and responsible individuals. Over the years, we have participated in various activities including visits to the China Coast Elderly Home for English native speakers in Kowloon Tong. They love sharing stories of their lives and we are greatly impressed by their words of wisdom. We treasure our encounter with these elderly ladies and gentlemen who have contributed a lot to the world. We also learn to listen and communicate in authentic English.

Visit to the Elderly Home for English Native Speakers

Another programme we have participated in is assisting the mentally-challenged students of Hong Chi Tsui Lam Morning Hill School in extra-curricular activities. We have helped them in classes of Taekwondo, acrobatic movements and pottery. We have learnt to take the initiative to approach people with an open mind and to be more patient and caring to the less fortunate. We have also learnt to be better-organized, careful and responsible.

Going for charity walks can also help to raise money for people in need. In 2008-2009, we won 'The Most Supportive Group' Award. We also participate in flag-selling, trying to help various charitable organizations to raise money for the less fortunate.

Morning Hill School Barbecue 09 Feb

Community Youth Club

Beach Cleaning

The Community Youth Club (CYC) is organized by the Education and Manpower Bureau. “Learn, Be Concerned and Serve” is the motto of the CYC Scheme, which aims at educating teenagers how to become good citizen. At the same time, CYC members are expected to set a good example to the community through their interest, concern and participation in community service. It is hoped that by participating in the various activities promoted by the CYC, students will become more aware of their civic responsibilities and show an active concern for the community. To ensure that the Charter of the Community Youth Club is fulfilled, a series of activities was organized, including beach cleaning, country park adoption programmes

and visits to the elderly. This provides opportunities for our members “to show concern, to know and to serve” our society. Our members are enthusiastic in joining these activities.

The CYC Merit Award Scheme, which is open to all CYC members, encourages them to take an active part in community service projects and offers them opportunities to develop a sense of civic awareness and responsibility. Specially-designed badges will be awarded to members who have reached a certain level of achievement.

Our members also took an active role in many other social groups and volunteering services such as flag-selling and charity plant-selling activities. We are happy to see our members enjoying a high degree of social awareness.

Visit to Elderly Centre

Sing Yin Bulletin

First published in 1994, The Sing Yin Bulletin was the first student-oriented official publication of Sing Yin. It offers a channel for students to know more about the school. It also provides an opportunity for students, who are interested in writing and journalism, to develop their talents under the guidance of teacher advisers.

The first issue of the Bulletin was in black-and-white, with most of the editorial work done by the Form 6 students. Three years ago, the editorial board started to recruit members from junior forms to allow wider participation and to provide better training for potential editors. Moreover, perspectives of junior form students can also be revealed and interests of different forms can be catered for. As printing technology advances, the Bulletin has been published in colour since 2007, which makes the publication even more attractive.

Editorial Board members

Working on Bulletin

The preparation work of each issue begins one and a half months before it is published. When it is published, it is distributed to every member of Sing Yin and sent to the primary and secondary schools in Kwun Tong and neighbouring districts. Every year, the teacher advisers and the members of the editorial board put in a lot of effort into publishing at least two issues of the Bulletin. They want to help everyone in Sing Yin understand the school better, and to strive to turn the most precious moments of school life into records that every schoolmate can enjoy reading now and in the future.

Sing Yin Pioneers

The Leadership Training Programme for Sing Yin Pioneers, more commonly known as the Sing Yin Pioneers, has served students of Sing Yin Secondary School for more than ten years. As its name suggests, the Sing Yin Pioneers aims to equip students with leadership skills by organising various activities like voluntary services.

More importantly, the Sing Yin Pioneers helps to prepare students for adulthood. In school, close interpersonal relationships between teachers and students can be developed while a sense of adhering to the school rules can be cultivated. The Sing Yin Pioneers offers assistance to students in developing career awareness and career preparation.

Visits to homes for the elderly and Caritas Bazaars are often organised to reinforce students' ethical strengths. Realising the importance of a sense of belonging amongst the new F.1 boys, the Sing Yin Pioneers arranges a F.1 Orientation Day. Developmental Programmes for F.1 students are organised so as to help them adapt to a new school life together with the Big Brother Scheme. Given that SYSS has a number of alumni, who show talents in different fields, leadership training workshops are often conducted with them. All in all, the Sing Yin Pioneers help students in the way that they in turn can help themselves in various ways. In other words, students are able to acquire skills that will serve them well in the days to come.

Developmental Programme with F.1 students

Let's go camping with Sing Yin Pioneers and F.1 students

Workshop on 'Presentation Skills'

Sing Yin Radio

In 2004, the first broadcasting medium, "Sing Yin Radio", was established as one of the extra-curricular activities. The aim of "Sing Yin Radio" is to provide entertainment and the latest school news through the public-announcement system to our fellow schoolmates. Moreover, we also aim to provide a platform for students to express their views freely through radio programmes.

"Sing Yin Radio" runs throughout the academic year during the lunch-time. With the cooperation of other clubs, the programmes produced by us include pop music, current affairs, interviews with the teachers, radio dramas and the latest school news. These radio programmes are conducted in Cantonese, English and Putonghua.

Broadcasting latest school news

Radio drama

In order to develop students' skills in broadcasting and presentation, training programmes are also provided to our members. The development of these skills is not only important in radio broadcasting but also in all aspects of the future careers of our schoolmates.

Sing Yin Television

The purpose of Sing Yin Television is to relay information about school life through an audio-visual medium, to our students, and to enhance the relationship between the school and the students. We report and record every event held in our school. We work in the front-line to provide our fellow schoolmates with first-hand reports.

Sing Yin Television is student-centered, aiming at enhancing students' skills in video production and reinforcing their strength in project learning and group work. Students interested are selected to receive intensive training in videotaping, directing, reporting, editing and other production related skills. School teachers and technicians play an assistant role in the coordination of all efforts.

TV Broadcasting

We produce various videos in the form of interviews, music videos, featured stories and language programmes. What can be revealed from the videos is not only the latest news of the campus, but also students' exploration of different issues showing endless creativity. The content is varied but is guaranteed to be inspirational and educational. Team members are encouraged to further enhance their skills through participating in various broadcasting competitions in Hong Kong. We use advanced technology to produce every video and soundtrack in order to provide a perfect production.

Sing Yin Television, in pursuit of innovation and perfection, will keep up with time.

Scouts

The Scouts was founded in 1971, aiming to provide students with challenging and progressive training programmes for their physical, intellectual, social, spiritual and aesthetic development. We give members the opportunities to serve and to learn how to co-operate with other people. Ultimately, our club aims to enhance one's determination, broaden one's horizons and foster teamwork.

Over the past 39 years, we have provided our members with a number of activities and much training to equip them with skills in camping, hiking, first aid and leadership. Our club has organized city orientations, leadership training camps, hikes, to name but a few.

Our members have keenly participated in various training courses and community services organized by our own scout district, region and the scout Programme Branch. In order to widen our members' horizons, we encourage our scouts to join the Jamborees and other overseas activities.

Moreover, students had to pass skills tests in order to get as many badges as possible. These badges signify different types of skills like observing, camping, map reading, pioneering, first aid, archery and so on. In 2007, we were the First Runners-up in the district Carlton Trophy. Moreover, four of our members were Champions in the Island Scout Trail Walk cum Walk for Life organized by Scout Island Region in both 2007 and 2010. A number of our scout members received the Chief Scout's Award — the highest award of the Scout Section.

Scouts at the Swimming Gala

Stage Management Team

Busy in the preparatory work

In the past, we were part of the Drama Club. At that time, the Drama Club was divided into two parts: the front stage and backstage. This year, we happily celebrate not only the 40th anniversary of our school but also the establishment of the Stage Management Team.

Our duty involves many different aspects, for instance, giving support to performers on stage, monitoring the audio system in the hall, designing lighting effects that meet the performers' need and even tidying up the stage after usage. In short, we manage everything on the stage.

Before a performance, there is a lot of preparation to do. Firstly, it is our duty to attend all rehearsals. The show can be best performed if we understand all the performers' needs. With the help of the stage layout form, we record the type and quantity of microphones needed, the lighting requirements, the materials used, etc. Secondly, we need to work out a plan regarding the time of moving the props out to the front stage. Then we will have a technical rehearsal to make sure that the show will run smoothly. Therefore, we may need to work overtime.

In fact, our team is involved in almost every school function. Although our members are very busy throughout the year, we are committed to our work. There are many challenges, but it also means we have learnt a lot through these jobs. These experiences will help us when we step into society. The most important thing we have learnt is the importance of teamwork. No one can manage a show by himself. Teamwork is indispensable for a successful show, and in fact, also in our school life and daily life.

Our hall — the performance stage

Sing Yin Secondary School
40th Anniversary

*'Share our similarities,
celebrate our differences.'*

M. Scott Peck

Reflections on Sing Yin 40th Anniversary

Ip Wang Fung 7A (2009)

Leaving home every day at 7:50 am, I walked along the straight path for about ten minutes. Then I looked up at the five-storey building, blue in colour, from the bottom of the slope and walked up the stairs. This seemingly natural and ordinary matter had become my routine. Regrettably these days have now passed.

When I first entered the school campus, what sprang to my mind was the word “strange”. The playground was crowded with unfamiliar faces. The classrooms were not as spacious as I had expected. Indeed, Sing Yin was not my dream school at first glance. Nonetheless, I now believe it is the values and traditions, which I treasure the most, which has made me change my mind completely after seven years. Sing Yin, therefore, has stood for forty years and has been adored by neighbours in Lam Tin, as it has gradually achieved its fame.

Rarely do schools allow their students to stay at school until 10 pm but Sing Yin does. In lieu of hanging out with friends in shopping malls and parks, Sing Yin provides a safe place for us to play ball games, organize club activities, form study groups, have band practices, to name but a few. We spend long hours in school as if Sing Yin is a second home to us. It naturally helps to cultivate a sense of belonging towards the school and establish an intimate bond among schoolmates.

Rarely do teachers spend their leisure time looking after students but Sing Yin teachers do. Sing Yin teachers are more than willing to patiently answer students' questions about their studies and extra-curricular activities. It is not uncommon to see students talk with teachers on the corridors during recess, lunch time or even in the evening. The student-teacher relationship is so close that not only do teachers deliver knowledge to us, they are also concerned about our emotional problems, interpersonal relationships and future career paths. What's more, teachers become our friends outside school. Teachers actively participate in activities like football matches and barbecues, contributing to a harmonious learning environment.

Rarely do boys express their affection towards their beloved schoolmates, let alone towards teachers but Sing Yin boys do. One of my most unforgettable experiences was the graduates wearing unique T-shirts of their class singing a song of Sing Yin aloud on the last school day to show how much we loved our school. Prior to the Christmas holiday, we worked hard until mid-night, preparing an entertaining show for the annual Music Contest to pay tribute to every member of the school. When our classmates were on sick leave or encountered adversities, we sent our blessings by SMS. All these are our unique ways to love and care for everyone in the school.

Rarely can students successfully strike a balance between studies and extra-curricular activities but Sing Yin boys can. We have achieved excellent results in the public examinations but we have not neglected the importance of all-round development. Every year, we strive for excellence in various competitions ranging from the Speech Festival, the Music Festival to inter-school basketball competitions. And our Students' Association actively plays a role in making our school life more fruitful by organising activities such as the Variety Show and the Christmas Ball. Every senior form student is given many chances to serve our fellow students such as being a committee member of a club or becoming a prefect.

“Time and tide wait for no man”. My secondary school life has finished. I do miss the old days and also realize how great Sing Yin is. After all, Sing Yin has been the place where I met my friends, the place where I acquired knowledge and above all, the place where I learnt to be a man. I love Sing Yin not because of its fame but because of the values and traditions inbuilt and I hope every fellow schoolmate can cherish what they possess.

My Memories in Sing Yin

Chui Ka Sing 7C (2009)

Sing Yin, in many people's mind, is no more than a secondary school on a small campus. But to me, it means seven years of good memories and a place where I have grown up.

My very first memory of the school is of the badminton court, where shuttlecock instead of badminton is played and where cheers and laughter are heard during recess and lunchtimes.

The school hall also carries some bitter-sweet memories. This big hall shared my glory when I received prizes and awards, and witnessed me making up seemingly-sensible answers during tests and examinations. Moreover, my fellow classmates and I performed, as graduation class students, on the wide stage of the hall, to show our gratitude to Sing Yin.

Just below the school hall is the canteen and the covered playground. I will never forget the noodles and sandwiches sold in the tuck shop, nor the afternoons when I was lining up and listening to announcements (and sweating at the same time). On the other hand, the covered playground was where I was on duty as a prefect, stopping fellow schoolmates' wrongdoings.

But it's my friends and teachers who make my secondary school life so colourful and valuable. Without them, the above would be no more than just a few fragmented memories. I was lucky to have so many friends in this campus. There were happy times when we played together, laughed at each other's, and quite unavoidably, teachers' mistakes and nicknames; when we encouraged each other in study rooms during exam periods; and when we stayed united and as a whole, to practise again and again for performances and contests without a word of complaint. We shared bitter and sad moments together, and encouraged one another by patting shoulders. As an old saying goes, "a friend in need is a friend indeed". I earned a lot of true and good friends. They're really my friends indeed.

Teachers in Sing Yin, meanwhile, also occupy a considerable share of my memories over the past seven years. No doubt, they taught me well in terms of knowledge, understood my difficulties and offered generous help in my studies. On top of that, they showed us by precept and example how a good man should be. But what I treasure most is the strong bond formed between the teachers and students. To me, the teachers are just like my older friends having more experiences in life. I can always seek help from them, share my worries with them, or even play with them, from a game of chess to a friendly football match, if they are available after school. This close relationship between teachers and Sing Yin boys will never fade in my heart.

Another thing I will never forget is the small campus itself. In a year's time, Sing Yin will move to a brand-new campus near Choi Wan Estate. It may not be possible in the future to visit the old, small, yet familiar blue building, which I treat as my second home. Though it is sad to leave a place full of memories, I still feel happy that Sing Yin will have a larger campus which is what many Sing Yin boys long for.

Happy birthday to Sing Yin, and I hope Sing Yin will have another glorious forty years in the new campus!

The trip has just ended and the journey is about to begin

Jonathan Ma Hon Son 6B (2010)

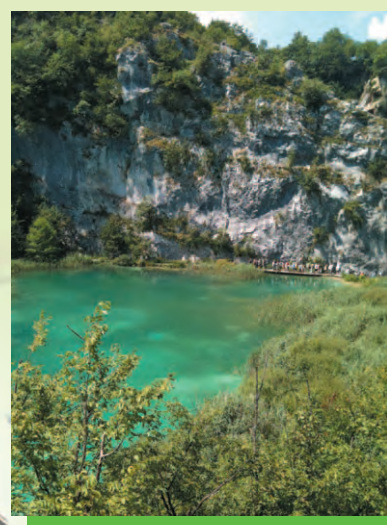

About a month ago I returned home from Croatia in triumph. I was in surprise and disbelief when I was informed that I had won a gold medal in the 41st International Physics Olympiad. Apart from feeling honoured, I was thankful to everyone who had offered help during the 12-month preparation for the competition.

The trip to Croatia was not merely an international physics examination, but it also broadened my horizons. The eye-opening experience of meeting new people and visiting exotic places was something that I had never expected.

Croatia is paradise on earth. Although this country is not really affluent, strict measures of heritage preservation are effectively enforced. I could see no trace of littering in Plitvice lakes. On top of that, the local guide told me that intrusive constructions at natural reserves, like concrete trails and stairs, require the consent of government agencies. There are no reports of abuse of natural reserves. In the city centre of Zagreb, the capital of Croatia, modernization is in harmony with preservation. On one hand, one can see modern infrastructures like electric trams on the streets while on the other hand original buildings are upgraded with electricity and running water to accommodate modern shops, banks and restaurants.

Croatians of my age were born during their war of independence. Perhaps this is what gives them a more mature appearance than us. They speak loud, a lot louder than us. Sometimes they shout at each other so as to make things clear. The Slovenian team told us that the Balkan people, who had been living in the mountains for centuries, are accustomed to doing so. This is the first thing we had to get used to quickly. After all, there would be trouble if our guide could not hear us.

My trip to Croatia was a fruitful one. Not only did I win a gold medal, but I also enriched my life. However, the journey has just begun. Success is sweet but one should always look forward. I believe making my life a fruitful journey is more meaningful than winning a gold medal. Once more I would like to express my gratitude to my parents, friends, teachers, my school and everyone who offered help to make this inspiring trip to Croatia possible.

Plitvice Lake

Zagreb, the capital of Croatia

My Memories in Sing Yin

Darren Chen 7C (2010)

Twice a year, I see swallows flying to the nest they have built above the front door of my home. I watch the eggs hatch and the chicks grow in the following two weeks. They have 'flying lessons', then gradually leave the nest, leaving it empty till the next warm season. Like these swallows, I am almost ready to spread my wings.

I began my story in Sing Yin differently compared to most other students. I was a transfer student, beginning my first term here as a F.3 student, as a 'new kid'. Being a 'new kid' is hard, especially when everyone else already has friends in the class and Form. The students around me already had a solid group of friends that they would eat, play and work with. To try to join one of these groups would require the acceptance of everyone in the group, and one can never please everyone. I learnt from years of experience, trying to blend and mix with different groups of people. Yet at the time, I was welcomed by several groups of students, small groups, but nonetheless bands of friends with tightly-knitted bonds. They opened their arms to me, and I found a place in the school, a place among peers, a place where I belonged.

Sing Yin is such a place. You can find a place for yourself in the school. A student can be introverted, speaking very little to others in class over the period of a year, but he will never be overlooked. One may have interests that are different from the mainstream trend, yet still find others with similar hobbies. It is not uncommon for a student to have talents unrelated to their academic studies. The school also encourages us to further develop these skills, and is willing to set up clubs in order to promote them.

Now, four years later, I am no longer that 'new kid' who found everything new at school, no longer the boy who felt alone. I am ready to face the world and its challenges, and I do so with many F.7 boys. We have learnt more than the knowledge acquired from books. We have had our eyes opened to the world around us, gained a broader view to things happening in society, and most importantly, we know how to put our heart into whatever we do.

This year will be a very important year in our lives, one that may well determine our future. We have this tall mountain to climb, this race to run, this challenge to overcome, but we shall face it without fear, and with confidence in ourselves and all that our teachers have taught us.

Like any eagle flying majestically in the air, we started off small. Our parents gave us love and a warm home. Our teachers guided us and honed our skills and knowledge. And with these, we are now ready to spread our wings, and fly towards the rising sun, towards building a future of our own.

But we shall never forget the teachers that shone the light to the road, nor will we forget the brothers that were beside us all the way through, and the school, our nest that kept us warm, that protected us from the storms and prepared the path for our flight. Though we may have left this nest, others will take our place and continue the legacy. Wherever we may go, however far we may be, Sing Yin will always be close to our hearts.

聖言四十周年校慶有感

徐世亨 3E (2009)

一九七零年，甘百德神父奉聖言會之命，成立聖言中學。在甘神父的領導下，聖言迅速發展成為一所校風淳樸，師資優良的學校。

轉眼間，聖言四十歲了！

四十年，確實不容易……

本人就讀聖言已有三年，雖然只是那短短的「四十分之三」，但是我深深體會到在聖言這個大家庭那么多姿多采的生活。

在四十周年校慶晚會當日，籃球隊首先與一群舊生來一場友誼賽，我也參與其中。舊生當中，原來有五、六位師兄是在同一屆畢業的，因此他們默契十足，加上超卓的球技，我們完全不是他們的對手。比賽過後，我便主動與他們交談。在交談當中，我才得知他們即使在畢業後各散東西，但有時間亦會一起切磋球技。我又問他們從前聖言的籃球場是怎樣的，原來從前的籃球場，像一塊「爛地」，打球時跌倒便會很容易擦損皮膚。此外，他們說從前學校資源不多，籃球隊訓練不夠，外出比賽的機會很少。現在，學校有一個比從前好的籃球場，籃球隊每週訓練兩課，我們亦經常出外比賽。這絕對比十年前好得很。

聖言，四十年不斷進步。

可惜，聖言不斷「長大」，但校舍卻沒有變大。所以，聖言的四十二周年便要在彩虹邨渡過。新校舍更大，籃球場變得標準，全新的禮堂，設備更完善的實驗室，不再擠迫的課室，更高的攀石場……這些設施，都一定比現在更為完善。

四十周年校慶，就讓我們把握機會，珍惜與藍田聖言共聚的機會。

聖言，生日快樂！

聖言生活回顧

羅超鵬 2E (2009)

轉眼間，我在聖言中學已經度過了差不多兩年了。兩年前，剛剛升上聖言中學的我，在這裡並沒有太多朋友，對學校的認識也不深，對學校的感情也自然不太深厚。

兩年間，我在這裡結識了很多知心好友，大家一起玩樂，一起學習，真是快樂不知時日過。隨著在這裡生活的時間慢慢增加，我對學校的感情也逐漸深厚。每天一大早便會回到學校，享受著打球和跟同學聊天的樂趣，不會感到鬱悶。

這裡跟小學十分不同，例如小息時間更多、更長，午飯時間也能自由選擇出外或留在學校享用午餐。雖然我只在這裡度過了兩年，但已習慣了一切。這裡已經漸漸成為我的第二個家。

今年是聖言中學創校四十周年，是一個對聖言十分重要的年份。所以，今年舉辦了很多慶祝活動，例如四十周年慶祝晚會，活動多姿多彩。

這四十年來，聖言中學由當初一所並不出名，等級排名低的學校，到現在成為一所很多人也想考進的中學，培育出很多出色的學生。

我慶幸自己能入讀聖言，結識那麼多好友，也慶幸能與聖言中學度過它的第四十年。

聖言——情

陳梓朗 4D (2009)

陽光溫馨恬靜，陣陣秋風和煦溫柔，晚秋了。殘陽斜射過來，地面盡是一片模糊的香檳色。穹蒼挺明淨，只有一兩片雲霞，時變緋紅，時變桃紅，絢麗燦爛。陽光是柔和的，照得身上、臉上，暖烘烘的。其他學生相繼離開，只剩下我孑身一人站在操場上，凝望著一張海報——聖言校慶四十年。霎時，一股離愁別緒溜進了我的心窩。對啊！一年多以後，校舍便會遷往彩虹，也象徵了我要離開藍田，離開一個滿載昔日中學生活點滴的搖籃……

屈指一算，我進入聖言已有三年多了。現在回想起來，也弄不清是苦是樂。當中有令人開懷酣暢，有令人惆悵失意，有令人意興闌珊。一時間，百般感受如泉水湧上腦海，心頭五味雜陳，煞是難受。鬱悶之感油然而生，踱步走向球場。

站在球場中央，一片模糊的玫瑰色變作影院，重播著往昔片段。它們如流星般在我眼前掠過。儘管只是一瞬間，但一幕接一幕令人心動的畫面，仿如潮水，從四方八面把我籠罩，迎著每個毛孔衝來。歡呼聲不時傳入我的耳際，令我猶如置身其中。偶有一聲蟲鳴，劃破了我的美夢。此時此刻，一片靜謐，只剩下秋蟬的低鳴、幼鳥的啁啾……心，怦然跳動。

徘徊四周，不難發現牆上剝落的痕跡和少許裂縫。學校啊！你始終敵不過歲月的洗禮、歲月的琢磨、歲月的摧殘，呈現衰老的一面，再不能回到四十年前那麼容光煥發的容貌……

日月如梭，物換星移，外邊的事物雖然變幻莫測，但唯一不變的，就是我們的心——校長、各位老師、校工們，以及全體學生的心——共同努力，為學校寫下光輝、斑斕的一頁。

如果說學生是初生的嫩葉，那麼老師便是無私奉獻的落紅。「落紅不是無情物，化作春泥更護花」，老師們獻出了自己最寶貴的時間，化作養份，滋潤我們。他們每天教導我們新知識，是慷慨的慈善家；他們教曉我們做人的道理，是指引我們在海上航行的燈塔；他們讓我們領悟到寶貴的人生經驗，是帶領我們走出迷茫的指南針。

一陣不自然的幽寂把我的靈魂拉回來現實。

夜幕低垂，萬點繁星，華燈初上，街燈也次第亮起，變成一片熱鬧景象。月如鉤，月如鐮，但也鉤不破，割不斷我近四年在學校消磨的美好時光。我在學校近四年的時間，宛如聖言中學在藍田四十年的光陰，同樣是那麼令人留戀，那麼令人追憶，那麼令人難以釋懷……在我腦海裡，學校就是一首樂章，而當中發生的一切一切，全融化在美妙旋律裡，成為永不磨滅的音符……

夢痕

劉培基老師

夢痕一

上世紀的七十、八十年代，聖言周圍的環境，並非如今日般風貌。那時聖言的右前方，是一系列的公屋，按號碼排列：第一座、二座、三座……那是藍田的舊區。樓宇有點舊了，有裂痕、有漏水……。從第一座的樓下走廊，穿行過去，至第三座，有一大堆的食物檔——糖水檔、粥粉麵油器檔、車仔麵檔、燒臘檔，約七八個攤檔吧！早上、中午、晚飯期間，不少街坊勞苦大眾到此光顧，熱鬧非常。

花開兩朵，且說那時舊區的居住環境的確很差，五六口止居百餘平方呎的空間，沒有多餘地方可容溫習、做功課。所以不少聖言仔都在放學後留在學校溫習室溫習，直至深夜。（這是聖言的德政，另一德政是容許學生便服回校。）

每天的下午四時至五時，是聖言高班同學的真空時間，因為那時溫習室要清潔，未能開放。不喜歡運動的，便跑到第一座後的食物檔去參加英雄大會，一大群人熱呼呼地擁坐一起吃糖水。談甚麼？談天下大勢，指點江山，論古今人物；要麼講讀書心得、考試秘訣；再不然訴說人生幾許風雨、苦樂相隨。談得興濃時，會突然有陌生人遞來一大包燒味助興，道明來意，原來是老學長，看我們談得起勁，也來入局。像這種和諧溫馨，蓬勃淋漓的生趣，試問一生能遇上幾回？知否？聖言便在這一股自由、略為放任、互相關懷、充滿溫情的氛圍中茁壯起來的。

藍田——真是一個山川毓秀、進德修業的好地方。

夢痕二

七十、八十年代的聖言低年級學生，在尊師重道方面，人情味歸屬感方面，還是值得一贊的。那時候上課，在老師還未到教室前，他們必定已經抹淨刻板，甚至到校務處為老師備足各種粉筆，打開了門，個個坐好，安安靜靜，萬事俱備，等老師上課，這便是尊師。那年頭，我每天都很早回校工作。一踏入校區，碰頭都是那些肥肥白白，面龐紅彤彤的小師弟，而且定必聞得他們高叫「X老師早晨！」這時內心真有無比的溫暖——「未教已曉得老師的姓氏？」起初滿以為是班主任告訴他們的，幾經查探，才知不對，原來是他們從學長處打聽來的。其實在藍田這個小地方，不止小朋友親切、充滿人情味。看看糖水檔的老闆娘、第一座某茶餐廳的繆老闆、第三座某餐室的忠叔，都是那麼親切和氣。有時在藍田逛街購物，碰面有些人和我微笑點頭打招呼，實在想不起是何許人？過了一會，才有學生追來說：「我爸爸剛才和你打招呼。」絕不是虛言：那年頭，十之八九的藍田父老都以能送子弟入聖言為榮，絕不會把他們往區外送的。

我常覺得，在藍田這種小邨小鎮，地方狹，民居多，學校與民居那麼接近，接觸多，自不然產生歸屬感、人情味。假定將來的校舍與民居相距數公里，要翻過三條高速路，三條大水坑才能往來，師生的關係會有如此親切嗎？

夢痕三

七十、八十年代，聖言預科是收女生的。某年，從我們的鄰居來了幾位讀理科的女同學，其中一位讀生物組的，不算美，但可愛極了。她似乎很受聖言校園的自由放任風氣感染，愛上了聖言。每逢假日，換上運動服，腳踏人字拖，從早到晚，在校園接枝除草，或手牽長水喉澆花，不停幹活，她似乎要以聖言為家的。

我那時教的是中文中史，她念的是生物，我當然不會教她，但她主動和我打招呼，大方得體，笑容親切。她對人人亦如是，所以任何文理科高年班同學都說她可愛。

她常因工作忙，錯過了午飯，我常見一些男同學拿了食物、飲品，和她分享，她從不拒絕。由於她工作的認真，那時聖言的校園，要多整潔，就多整潔。像這樣的一位奇女子，你必定想知她的名字。我從眾，也叫她「阿妙」。

阿妙——是藍田送給聖言的禮物。

給「爸爸」的信

校友翟瑞恆 (1987)

主內可敬的甘神父：

自從農曆年初一晚跟您匆匆拜年後，好些日子已沒跟您聊天。不知遠在南非伊利沙伯港的您，近況可好？

還記得您當時說：「身體好了點，只是夜裡睡得不太穩，三至四小時便驚醒過來。醫生又不許乘坐長途機，故無法趕回香港共渡四十周年聚餐。」您那沉鬱的聲調，彷彿散發著對漂泊的無奈、感歎著生命的無常。然而您肯定的說：「我一定會重踏香港，跟您們見面！」而我卻一直期許那日到臨。

執筆之時，正是三月廿一日，即「聖言四十載情回歸宴」後的第二日。很高興告訴您，逾六百名現任及以往的教職員，以及校友當晚聚首一堂，為您一手創立的母校引吭高歌，唱的都是源自您手底下的新舊校歌。假若當時您在的話，大家定會感到更圓滿。那晚我們不敢打擾您，不像前兩次聚餐般越洋跟您通電，怕在這邊廂的熱鬧撩動您在他鄉的寂寥。儘管欠缺了您，我們仍可感受到由您一手創立的聖言的那份溫暖情懷，仍體會到您對每一位師長、校友的關懷。那晚環迴播放的舊照，您足跡處處，您的笑容深深的印記在我們的集體回憶之中。

還未告訴您，為何那晚的聚會以「聖言四十載情回歸宴」為名。「宴」，因為我們真的吃了一頓滿溢手足之情、趣味盎然的晚飯，食物質素倒不重要。「聖言四十載」，只是客觀的描述。那麼「情」何在？跟您？其他老師？昔日同窗？校舍？學習時的回憶？我想統統都有。真羨慕那些派遣子弟兵進駐聖言學習的師兄，又或是在聖言建立事業基地的校友，能延續美好回憶之餘，亦可繼續編織其聖言故事，在不同領域陶造聖言。不知您可曾知道，其實我跟聖言同年。在這「不惑」之年，無疑是少了三十周年聚餐時的激情，卻換來更細膩的情誼。詩云：兩情若是久長時，又豈在朝朝暮暮？

您可能會問：「回歸」又是怎樣了？在過去兩周，我不停查看報名名單。除了留意人數外，更留意人名。儘管不曾記下校友的名字，但我可以肯定的告訴您，今年的參加者中，多了很多「新」名字。明年校舍搬遷，過程極需校友支持，我盼望校友們「回歸」，讓那被迫入生活所埋藏的「情」重燃，朝著聖言投射，各按其位給聖言出力出資。假如當晚您在，您會跟「劉英雄」一樣，被數以百計的「七十後」至「九十後」（以畢業計）的校友，視為精神領袖而給團團簇擁。

差點忘記告訴您，聖言同學仍是那麼的信實可靠。逾六百名報名留座的校友，不足百份之五缺席。而更可貴的，是大家進場時，均誠實奉上入場費。就算是遲來的，也堅持找到「掌櫃」付鈔為止。其實我們連門券及收據也沒有發出過；就是信聖言同學的誠實可靠，讓我們有信心從自己的口袋裡拿出訂金，跟酒樓訂下五十席。就算大部份聖言校友都屬出身寒微，仍深懂「克明峻德」之道。

還記得四年多前與您在都柏林短聚。那天是星期天，早上我已站立在酒店門外探頭候著，直到您從計程車下來，已急不及待跟您來個擁抱。告訴您，當時我久久不放，是因為我開心得哭了，又怕讓您看見！小時候須仰望才能跟您交談的景象，倏忽變成肩碰肩。小時候您總會關切的問候我的家中情況，現在您還是如此。您從未見過內子，卻總記得她是「Amy」；您又總會在每次談話之先，向她及我們的兩個女兒問好。她們早已從我口中，聽過有關您的故事。小頑皮還不懂，長女卻已懂得問，為何我不想法子把您留在香港。我也為此而年復年的感到歉疚。

早陣子我見到羅禮善神父（前任校監），遠在台灣的他，同樣惦念著您。至於林永基神父（現任校監），每次提及您時都是充滿著感激之情，因為您無私的分享經驗，讓他這個「弟弟」獲益不淺。還記得藍田聖愛德華堂的前主任司鐸施永泰神父及成啟明神父嗎？我也跟他們碰上了，他們同樣托我問候您。那您妹妹Alice可好嗎？她就是擔心您一個人在外面，照顧不夠周全，吃的不夠健康。

那七年經歷，如沒有您與那些視我如子侄的師長，包括「老劉」、「樵哥」（李逸樵老師）、Miss Wong (Karen)等，聖言於我而言，只是學習的場地而已，隨時「out of sight, out of mind」。沒有您的感動與無私的愛，我也提不起勁去尋求祂的國和祂的義。在過去二十餘年，您像是一名慈祥的父親一般，帶領著我的靈命，讓我在營營役役獲得物質的充實之餘，還學會關愛弱小，懂得不為甚麼而付出。而我為您付出的，卻是那麼的微不足道。

希望藉著懇切的禱告，能令您早點回港走一趟，最好能令您回心轉意，讓我們把您留住。

願主的平安常與您同在！

主祐！

學生

瑞恆

二零一零年三月廿一日

黃金歲月

韓黎瑞蘭老師

《論語・為政篇》言：「四十而不惑」，聖言中學四十歲了，已達志強學廣，不疑惑之年。回憶我在1973年到聖言執教鞭，依稀記得學生當年會考五科合格率，只有百分之四十三左右，但到我1997年退休那年「會考」「高考」有些科目取得優良級別率，已達百分之四十三。當然上下人等，自然艱辛和壓力亦大增；但邁向具有意義的目標付出也值得的。「聖言」已入名校之列，此成果全賴「聖言」校風質樸，辦學日臻完善，不少老師以魅力的姿態講解課本，以「誠」「敬」言傳身教指導後學；而學生亦在逆境中奮鬥，所以「聖言」能在天主教教義和儒家精神下燃點，至發揚光大。

我在「聖言」廿四載，現以感恩的心，寫出以下零碎的記憶：

我初期在「聖言」任教，藍田是荒蕪之地食肆很少，老師和學生中午進食極成問題，所以我向校長甘伯德神父商討此事，其後我擬定一「食物部」合同，解決了師生「祭五臟」的生活所需，其中要求「食物部」午膳時，供應老師一桌八人，四鎗一湯。由我指派給老師，輪流收取所有參與者每月的午膳費用，直接交給「食物部」，如此午膳時間，老師可騰出半小時接觸學生，或暫作「喘氣休息」，對我來說免卻奔波「搵食」之勞，亦應感謝「食物部」的配合。

我的身份是語文教師兼主婦，生活詳奏較為吃力，所以星期六全天多到教員室備課及改簿，曾經看到老師帶他的密友，來「聖言」介紹他的工作環境；哈！哈！我內心便默默祝賀，又有多一對恩愛伴侶了。事實上，不少「聖言」老師假日敘駐學校辛勤工作，如此「聖言」亦撮合了不少姻緣。

卅多年前，很難看到社區設有自修室，甘伯德校長感受到不少學生礙於環境；難在家中進修，所以他開放兩間課室成為自修室，由放學後直到晚上十時，所以要多顧一位「看更」巡察。還御准熱天開風扇，冷天供應暖爐，使不少莘莘學子，終年累月在此寧靜環境中勤讀，成為卧虎藏龍的發源地。甘校長的高瞻遠矚，真功德無量。自甘校長後，各正副校長及老師亦默默耕耘，繼承甘校長的辦學理念；有些老師更以溫柔誠懇的態度，勸喻執迷不悟的小子，使他們導入正軌，基於此「聖言」便激勵奮進，人才輩出，聲譽日隆。

我擔當學校「社區服務組」顧問，超過廿年，回憶成立此會初期，曾為晨光弱智學校整個禮堂佈置益智的壁畫及在屋柱外塗上樹木及枝葉，綠化猶如置身一小公園內；如此成果多得「聖言」圖畫老師的指導及十多名學生，他們用了大部份暑假，很多半天的辛勞繪畫塗色；而我只有以西瓜及汽水為他們消暑及打氣。甘校長亦支持「聖言」同學長期為弱智兒童服務，如此我校與「晨光」便結為「姊妹學校」。甘校長常秉承救世主愛人的心，感受到輟學之苦，他常付出精神及金錢上拯救學生，在水深火熱中，使受惠者刻骨銘心。

我多年生活在「聖言」中，眼看到不少學生堂堂正正的進入社會……與同事學生相處愉快……滿載溫馨的追憶，使我在生命中產生不少火花。

與「聖言」同行四十年

唐益謙老師

有人問：「人生有幾個十年？」回想過去的四個十年，幾許風風雨雨，年年月月，我都是與「聖言」同行！

匆匆歲月，驀然回首，百般滋味，點滴在心頭！我一直紳信「教學相長」。四十年！在「聖言」這個大家庭裡，我確實學到不少做人的道理：

（一）學習感恩

感謝上天的的眷顧。我在「聖言」認識了不少善良有心的好同事、好朋友，最難得是大家可以在人生道上彼此分享；困倦時我又得到無限的支持和鼓勵，對他們的關懷和愛護，實在感激不盡！感謝各位同事、校友珍貴的禮物、溫馨的送別及無窮的祝福，這一切自當銘記於心！

我還要感謝學校安排的送別晚宴，可以重遇久未相逢的「聖言」同事及校友，其中真情對話，拍照留念，實在是令人難忘的窩心經歷！

最後，我要特別感謝聖言中學第一任校監及校長甘百德神父（Rev. Father Canavan）！在送別宴上，翟瑞恆校友朗讀甘百德神父的傳真，為三位即將離任的老師送上真摯感人的祝福，亦為我們在「聖言」的日子劃上完美的句號！Fr. Canavan！多謝您的關心！我們亦祝願遠在南非的您健康、平安！

（二）學習如何取捨

我決定提早一點離開工作崗位，是希望爭取多一點時間和精神去照顧患病多年的父親。這些日子，除了肩負繁重的教學工作，又要照顧需要至親貼身照顧的家人，在兩個重擔下，自覺心力交瘁，所以幾經思量，還是選擇「珍惜眼前人」，趁尚有機會，多盡為人子女的責任。

（三）學習「盡人事，聽天命」

在這幾年的教學生涯中，我最想保留的一份「聖言」紀念品，就是負責訓練英文朗誦同學的賽後評語及分數副本，因為它們見證了師生一起努力的成果。

回想準備參賽期間，需從幾首英詩中挑選最適合同學發揮的作品，然後嘗試推敲作者的內心世界，繼而思考如何用適合的朗誦速度、聲調、節奏及感情去表現作品的神韻和精髓。

跟著我要與同學約法三章：如欲有好表現，必須下苦功！必須善用午飯及放學後時間練習，因為「一分耕耘，一分收穫」！其實，我也很佩服同學的毅力和恆心，他們克服了不少困難去掌握參賽作品的含意，學習英文生字的讀音和解釋，更要把長長的英詩背誦得「滾瓜爛熟」。

但當我們臨近比賽時，又要面對另一挑戰——因為練得太純熟，又因為累了，所以似乎再難有所突破。這時便要鼓勵同學抖擻精神，務求做到「盡善盡美」、「精益求精」，把自己的極限推高，做到「字正腔圓」「感情投入」「節奏豐富」地把作品發揮得淋漓盡致。

近年，在出賽前都會為訓練中的同學拍幾張照片，讓同學欣賞自己發揮潛能時充滿自信的樣子，又可讓他們留住美好的回憶，他日可以驕傲地向子孫展示在中學時代曾經有膽量和能力去面對評判及幾十個對手，毫無懼色地用英語去演繹一首長長的詩歌。

我亦不忘提醒同學及自己：「盡了力並不是一定可以成功！」畢竟，天下事有太多「天時、地利、人和」的因素，如臨場的表現和狀態，評判的喜好等。但盡了力便應問心無愧，不要太執著「成敗得失」，適當時便要學習「放下」，方能「自在」！這不也是人生的大學問？

（四）學習欣賞

在聖言，我體會到只要細心觀察，不難發現周圍許多值得欣賞和學習的人：

首先，我很欣賞送別宴上的司儀，特別是何世炳老師及陳文輝校友，他們莊諧並重，令人在台上忘卻緊張，可以暢所欲言。

我認識的陳文輝校友，他對鄧紹斌校友（斌仔）的關懷及支持，可謂是個有情有義的大師兄！

鄧紹斌校友（斌仔），很高興知道你已出院，可以到社區生活！從看天花板的日子到回母校，到出外慶祝生日，到往中大演講，更成為兩本書的作者，都見證了你的努力和奮鬥！

今年適逢學校四十周年紀念，我有幸重遇不少聖言校友，他們有當醫生、法官、律師、社工、作家、會計師、教師、資訊科技從業員、企業家、政府要員、管理人員、銀行職員、警務人員等等。他們都曾努力學習，充實自己，因為紳知「機會是留給有準備的人」；然後在自己崗位上盡忠職守，發光發熱！各位聖言校友，我們以你們為榮！請繼續加油！

最後，我趁此機會寄望現在的聖言同學亦可以效法師兄的堅毅不屈精神，努力不懈！「幸福不是必然的，不要輕言放棄！」請好好學習！好好生活！珍惜前途！愛惜健康和生命！更要善待家人！

現今社會有太多的吸引，但請保守你們的心，不要迷失在花花世界裡！期待各位在現在和往後的日子，繼續做個優良的「聖言人」。

祝願聖言同寅：

平安健康！天天進步！

活得充實！活得精彩！

Celebrating Sing Yin's 40th Anniversary

Denton Yeung Chiu Yung (2006)
Oct 2010 @ University of Warwick, UK

Overwhelmed at the honour of being invited to write an article for celebrating Sing Yin's 40th anniversary, I find myself balking at the task of writing. As an old boy, I should have a lot to say. But when I start writing, I realize the difficulty. The difficulty lies not in what to express, but how. The more you understand a place, a person, the more difficult it is to describe them. So, I click on the random button in my iTunes hoping to refresh my mind. The words begin...

Softly sighs the rainbow,
Misty songs of old,
Flowing by the skyline,
My secret lullaby.

Softly sighs the rainbow,
Stories seldom told,
Flowing by the skyline,
My love songs never rhyme.

These are the lyrics of the tearjerking locally made film "Echoes of the Rainbow", a story that pays homage to the old Hong Kong in the 1960s with reflections on the transience and paradox of life. It's a film of nostalgia, something that is so much needed by us all. The "rainbow" in the film signifies the hope and perseverance the main character takes hold of as well as the colourful shades of his youthful memories. In a city hallmarked by its economic prosperity and financial power, all the old must give way to the new. It is a city that leaves no time for people to stop and relax, let alone reminisce the good old days. However, no one can live without the past. I start thinking of my own rainbow, my own lullaby that I always turn to these years. My rainbow shines above an old blue building, a building that crystalizes the happiest moments in my life so far.

I still remember the days of climbing up the "silk road" all the way from the MTR station to Sing Yin. It's a long way indeed. Perhaps because of this everyday training, Sing Yin boys are mostly fit and thin physically, strong and perseverant mentally. In many ways, Sing Yin boys stand as a monument to the virtues of self-reliance and pragmatism with a great sense of humanity. We have never been afraid to embrace change and risk. We have always utilized our autonomy to the fullest extent. We have never neglected the importance of cherishing the cozy teacher-student relationships. With the love and unfailing support of all teachers, Sing Yin boys can always excel at different aspects of life: academic, moral, social and interpersonal. Even at university, it's not hard to find Sing Yin boys standing out as charismatic leaders and responsible students constantly treasured and valued by friends and teachers.

I believe Sing Yin's success should be attributed to two things: autonomy and love. Teachers in Sing Yin have governed with a light touch. This autonomy and freedom allows students to stretch their potential, to pursue their dreams and realize their ambitions, leaving room for magic to happen and sparks to glow. This much treasured autonomy, however, cultivates neither a sense of laziness nor a collapse of self-discipline among students. Rather, it encourages students to take on a greater sense of responsibility and embrace challenges and setbacks that seem unconquerable. This autonomy is backed by an enormous reservoir of love. Everyone in Sing Yin is kept well by God. The relationships between teachers and students remain constantly harmonious and mutually-supportive. Not only is the whole learning process enhanced, the teacher-student relationships developed along the way continue for years, transforming into friendships of a life time. This is such a school, a school of love.

For myself, I have enjoyed almost every moment in Sing Yin. I have had the good fortune to be able to study in this magnificent school for 7 years and to teach in 2010. The short period of teaching time has given me much more in terms of personal growth and fulfillment than I can ever hope to repay. My experiences and positive encounters here have helped shape my character and life in ways I could not have imagined. In the words of Alfred Lord Tennyson in his poem "Ulysses" -

I am a part of all that I have met;
Yet all experience is an arch wherethrough
Gleams that untraveller world, whose margin fades
Forever and forever when I move.....

I consider it an honour to have been, in many ways, linked to and involved in Sing Yin in its 40th anniversary. Sadly, though, the old blue building, having witnessed the changes in Sing Yin, the development in Lam Tin, will say goodbye to us after 40 years of holy service in the region. Every brick represents an accumulation of warm sentiments and emotive moments throughout the years - tears and laughter, victories and defeats, births and deaths, beginnings and ends. Every generation should share some collective memory. Memory is always paradoxical. The distant past was always clearer than the recent ones. The collective memory in your generation will become the sometimes nonsensical but interesting, nearly vague but real talking points in the many reunions to come with your life-long Sing Yin buddies. I belong to the era of the millennium. I was exceptionally fortunate enough to be the last batch of Form One students to have been taught by the legendary Mr. Lau a decade ago. His enthusiasm and charisma has touched all our hearts. I also belong to the time when we could still overlook what St. Paul's girls were doing. I belong to the time when Father Angel would sing the song "This is the Place" to all Form One boys. I belong to the time when ICQ was all the rage while Facebook was still extraterrestrial. Though bricks may soon be torn apart, our youthful, beautiful memories of growing up in Sing Yin have secured a place in the universality of time. Here the flow of life, the ebb and flow, the bustle, the fleeting and the infinite are all precipitated, distilled and cleansed to their very purity. Here exists an eternity. Though Sing Yin will be relocated, the spirit and love will remain and continue to shine in the new campus. For Sing Yin boys who are still able to study in Sing Yin on this blessed slope of On Tin Street, treasure your time in this place filled with God's love.

Sing Yin boys, if you find yourselves gloomy and hopes fading in your life's long journey, you should endeavour to rediscover your own rainbow, your own lullaby. Unlock the moments captured in this blue building, sing out the lullaby loud and strong together. The memories should stand you for a life time. Remember: it is always our home, our shelter. It is where we were all from. It will bless us in all we do. It is our forever Eden. To it, our hearts belong. Rainbows are always there, in our heart.

May I wish Sing Yin every success in the new campus and I am confident that the school will continue to provide a world-class education to Sing Yin boys in decades and centuries to come. I am very honoured and proud to be one of them.

Yau Chi Yan (2009)

On my first day of school a few days ago, I was awoken, unwillingly, by the annoying alarm clock. Drowsy, I didn't even bother to open my eyes entirely when I got out of bed, reached into my wardrobe, and found myself failing to find my school uniform that should have been hanging neatly — at least I thought it should be, before I suddenly realized that I was no longer a high school student.

It meant I wouldn't be meeting my friends at the MTR station, moaning about the triple-period lessons we had to get through that day during our journey back to Sing Yin. I wouldn't be tapped on my shoulders and greeted by my schoolmates with happy faces, as we climbed the long slope before we could see the campus. I wouldn't be rushing, often accompanied by a crowd of schoolmates, before the bell rang...

It meant I wouldn't be lining up with my classmates in the covered playground for morning assemblies, during which we were sometimes stared at by prefects as we were discussing the assignments, though more often, plans of hanging out after school. How I miss those times we played ball games in PE lessons, and monkeyed about in the laboratories!

At that very moment, I was engulfed by a feeling of emptiness. Lingering in my mind were images of the playground, the school hall, classrooms and laboratories, as well as faces of schoolmates, teachers and other staff members. I hate to admit it, but those memories will eventually fade away, especially because the campus is going to be demolished. Probably, when we visit the new campus a few years later, nothing there will remind us of the good old days.

I then turned on the lights and looked into the wardrobe again. Though there was no school uniform, it was not empty at all. Taking a set of casual clothes out of the wardrobe, I told myself that there was nothing to be sad about. Everything changes in this world. Friends will leave us and buildings will disappear. But memories of the good old days will be kept as treasures deep in our hearts. Somehow we may lose these memories someday, but that is what makes them all the more precious.

感謝師恩

校友劉智偉（2005）

全體聖言師生、校友及家長：

想告訴每一位屬於聖言的您聽，聖言的七年教育對我人生影響之大，相信現在只有 24 歲的我，是未可以想像到的。但我在這七年接受的教育，賦予了我的人生一個踏實的起步。是次校刊發報，給予我一個完美時機，以簡單的文字，去多謝一些可敬的師長：

郭校長雖然不曾在課堂上教授自己，但他在自己中六舉辦年宵活動時，給予了自己一個很重要的觀點，至今依然歷歷在目。一個好的領袖，一定有一些堅持的價值觀與眾不同的觀點，我相信聖言中學在郭校長的帶領下，一定可以「衝出宇宙」的。

馬陳翠堅副校長、唐益謙老師、胡何惠儀老師得悉三位老師來年榮休了，在榮休晚宴上，看見三位老師依然活力充沛，談笑風生，便覺得很滿足！三位老師都有教授過自己，在各自的範疇上都啟發了我對學習的興趣，使我的中學生活多了不少笑聲。學生在此祝願三位老師，在榮休後的日子，擁有更健康的身體，以及更豐盛的人生！

郭偉強老師郭老師從中三開始，便教授自己經濟科，令我與經濟學結上不解之緣。初中時成績落後的我，沒有想像過自己可以在經濟科上，取得意想不到的佳績。更重要的是，郭老師的教授，啟發了我的人生，也令自己在潛移默化底下，形成了屬於自己的人生哲學。雖然在大學畢業後，沒有再進修經濟學，但事實上，自己這兩年來，不斷將人生哲學實踐在社會上，其實這一切都由當初郭老師所教的一字一線開始。如果將來的我能在社會上有一番大作為，人們要追溯我的過去，便會發現我第一個啟蒙老師，便是郭老師。多謝你！

蔡淑茵老師、梁淑蓮老師、駱婉君老師我常常都會把這三位老師放在一起看待，因為她們三位根本常常在一起（希望她們不要介意我這樣說）。她們三位都有教授過我，亦令我對會計、中國文化及地理產生了莫大的興趣。但在此感謝她們，最重要的原因，是她們跟學生的關係，不單單是老師和學生，還是彼此關心的朋友。我很高興能夠有這三位中學時代的老師，以及一輩子的朋友！

李思福老師中學的七年中，與李老師建立的關係，總是在體育堂和足球場上。當年有著李老師及黃富康老師的帶領，在Division3甲組的足球比賽中得了冠軍，打破了聖言歷史，亦將聖言足球推上了Division2，現在回味起來，依然充滿成就感！今年聖言足球又更上一層樓，來年便要在Division1跟其他頂級名校爭一日之長短。聖言運動員不斷的進步，相信李老師在當中下了很大的功夫，在此感謝他的努力，並祝願聖言運動員繼續改寫歷史！

其實要感謝的師長前輩，何止以上幾位。每一位在聖言服務的教職員，都擁有獨特的才華。他們每位都默默耕耘，因此聖言近年人氣急升，在此本人深表感恩！本人亦希望有更多的聖言畢業生能為社會帶來不同的貢獻，並回饋母校，使聖言能夠繼續薪火相傳，照亮萬人！

母校創校四十周年誌慶

博學篤行
與時俱進

伍國強先生致意

利邦塑膠五金廠有限公司

HARBONA PLASTIC & METALS FACTORY CO.,LTD.

公司簡介

利邦塑膠五金廠有限公司是一家獨資廠家，專門生產各類膠袋，包括公文袋、膠貼袋、R袋、挂衣袋、復合抽空尼龍袋、鋁箔袋、蒸煮袋等；品種齊全、印刷精美。

工廠有二十多年的膠袋制袋經驗，管理體系經DNV認證符合ISO9001:2000標準；生產車間經SGS認證符合GMP運作標準和中國QS體系，工廠環境符合綠色生產要求。

我們的承諾是“滿足客戶要求，不斷創新發展”；公司正推行TOC(限制理論)，以謀求更好的客戶服務。歡迎社會各界人士前來諮詢洽談！
